

# The Rebel Speaks

## GOVERNMENT ANTAGONIST AND HUGUENOT

I hope you had a merry Christmas and a happy New Year. January 6th anniversary is here and this old Reb's birthday!

Little suggestion: don't protest at the capitol; go to the homes of these traitors and invade their peace and quiet. Do just exactly as their minion protesters do and tear that peace down around their ears. Throw them into the street just like the politicians and their crooked judges have done to a great many Americans. Make them homeless and broke and on their way south of the border, never to return.

Of course, this is what *should happen* to all those involved in the effort to railroad Trump! What the democraps are doing is high treason and right out of the Communist Manifesto, written by Karl Marx and Frederick Engels!

This is exactly what happened when Colorado tried to keep Trump off the 2024 ballot, and is actually happening in several states. Not to mention, the Constitutional rights of Republican voters living in those states!

The very idea of democratic republic rule of governing has been replaced by the socialist model of governing. Now it's F#\*^! you and do as we say or get shot in the back of your head!!!!

China or Bust!! That's real Bidenomics!!!!

Time for this old Reb to ride!

"Well, Captain, Mr. Holly has a new daughter for a new year."

"Aye, Captain! She is a bonnie wee lass"

"Mr. Holly, you and yours should stay for a while, till spring, before moving on."

"My wife and I thank you, Captain!"

See you on the bridge!

P.S. It is past time to get voter fraud addressed. The government, at any level, is obviously not going to do anything to stop it. In fact, they encourage it. Now is the time, at the local level across these United States, to put a stop to it.

If voter fraud is suspected where you live, then it is your *job* as an American citizen to organize and force those who are responsible—AT THE LOCAL LEVEL—to stop it. It will not be stopped by Congress. It will not be stopped by activist judges. It will not be stopped by federal officials. It will not be stopped by state officials. It will not be stopped by local officials.

Americans must pick up the battle flag of freedom and step up to the plate. It is way past time to be who we are. This isn't the land of the free if we aren't willing to fight for it, and this fight must take place!

P.S.P.S. The democraps and the mainstream media tell you that "democracy is at risk" if Trump prevails. News flash. We are a democratic republic, not a mob rule democracy. If your news and politicians are telling you "democracy is at risk" then look closely. They want open borders (this is the government giving

itself the power to NOT enforce border laws, a power they do not have), benefits for illegals and not for actual Americans (aiding and abetting criminals, another power the government does not have), calling "White Supremacy" the biggest threat to our nation (a bold faced lie), blatantly allowing drug and slave cartels to run rampant. Believe me, slavery is alive and well in the "land of the free" and the Fentanyl is pouring over the border from China and killing Americans.

The truth is that our entire way of life is at risk. If Trump does not prevail in 2024, the traitors will destroy us all. Buckle up.
