

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Christmas and New Years now behind us and a new holiday on the way. January 6th (this old Reb's birthday) and the day of new infamy at the Capitol. Liz Cheney is out and her inquisition is out as well. But that doesn't set it right. She violated the Constitution, which is the profession of the power usurpers (democommies), with a few traitors to help them along. Our interests are not even on their minds. They can't even elect a new Speaker of the House. More of the same political crap or a true patriot's fight?

Meanwhile, back at the ranch, someone is proposing making Zelensky King of Ukraine. He hasn't won the war yet! I wouldn't start laying down bets just now. Putin is getting drones from Iran and aid from China... you know, the people "Ole Joe" and his son Hunter are making millions from.

Nancy is still pissing off the Chinese in Taiwan and it shouldn't be too long to the invasion of Taiwan! Afghans left behind by Biden are joining Putin on his invitation as they escape, carrying their weapons to fight for revenge.

What a beautiful beginning to our new year of 2023. Personally, I would like January 6th to be declared an unofficial holiday! "Day of the Rebel." We should do it every year until the so-called leaders finally get the point. This is OUR country and we have that right! They have the right to do the people's business and nothing else... and The will and power of the people exists in the Constitution and the Bill of Rights.

As for the problem of electing a new Speaker, they should be locked in until they get the job done. Be sure you cut off all their luxuries. It was once done to the Catholic clergy when, after months of living lavishly, but not electing a Pope, the local prince had them all locked in until they elected a Pope, without food or drink. It worked! Within a couple of days, here came the white smoke everyone was waiting to see. Makes you think, doesn't it?

Time for this old Reb to ride, again!

"Captain, come and see!"

"What is it Rhea?"

"There are half a dozen Indians just sitting on their horses out front! It's Man that Laughs!"

"My friend, welcome to my home."

"I have come to thank you, Captain! I have revenged my brother and his spirit is now free as I am! When I took revenge, the laugh stopped! I am now Free Horse, free of my curse! This is the man's horse, who wanted to kill you! We must go now! I am free! I am free!"

See you on the bridge!

P.S. We have no legal sitting president. We have no legal government. We have no borders. We have no money! Need I say more?

P.S.P.S. Unbeknownst to most Americans, because almost no one is talking about it... the Supreme Court has the case of Brunson v. Adams on the docket on January 6th. This was filed pro se by ordinary Americans, four brothers from Utah. The Brunson petition is called a "Writ of Certiorari" and requires only four Justices on the Supreme Court to move the case forward.

The Brunsons are not there to prove election fraud. They are stating that Congress refused to investigate charges by more than 100 members (cases of election fraud) who were asking for a special commission to investigate the allegations. Additionally, the Director of National Intelligence was required to submit a report on foreign election threats by Dec. 18, 2020 and they failed to do so. In fact, they waited until January 7, 2021, the day AFTER Congress certified the election, oops. The Brunson case states that a large majority of Congress, by failing their Constitutional duty to investigate serious allegations of election fraud, violated their Oath of Office. It names Joe Biden, Kamala Harris, Mike Pence, and 385 members of Congress, who all voted to certify rather than investigate. Further, it states, that this is an act of treason and fraud. "When the allegations of a rigged election came forward, the Respondents had a duty under law to investigate it or be removed from office. If the Supreme Court agrees, then Biden, Harris, Pence and 385 members of Congress are all out, and can't even run for dog catcher in this country. This would put President Donald Trump back in office. Buckle up.
