## GOVERNMENT ANTAGONIST AND HUGUENOT

Well, did you have a great Christmas and New Year? Because this year is starting out with a bang! Trump throwing zingers at Hillary and the militia standing down the King's men! The second shot heard round the world is about to be fired. Are you ready?

This is the year. The sixteenth year of the second millennium, A.D. and all hell is breaking out everywhere. The criminal government has been given an ultimatum. I think this is going to be a dangerous place to be for collaborating officials bent on enforcing the will of our dictator and Harry Reid.

Got news... this is going to be Obama's Waco, except for one thing: these are not defenseless women and children. And if they bring armor, then the veterans there will know how to kill it. Obama isn't dealing with a bunch of religious cultists here. He is taking for granted that these people have had enough and now are fighting back against a corrupt regime that wishes to rule us with an iron fist.

Not to mention, Obama about to put out another illegal edict to attack our gun rights—again.

I told you it was about to go bang! The train has burned it's breaks to a crisp with the throttle wide open, and here it comes! I wonder who will fire first? If you are young, and a patriot, you can consider this a call to arms. These brave citizens are doing it right! When our leaders fail in their responsibility to our Constitution, then it falls to us to stand up and do it ourselves. And

those who stand with the usurper must pay the price. And to those who will pay the price of freedom, I salute you and I will hold my ground as well, in solidarity to the end!

Time for this old Reb to ride. Our Osage friend is back, sporting a new buffalo rifle and at least three fresh Cheyenne scalps and a pack of new ponies.

I ask him once why he treats us so, and he said, "You friend!" You wear the grey pants. You fight the blue coat! You are my friend! I bring back your horses. Cheyenne ponies much better. Your horses good for wagon! Then, just as they came, so they left! You know they said how wide open the plains were, no one for as far as the eye can see. I got news, this place is full of people!! They just don't sometimes announce their presence.

See you on the bridge!

P.S. I think Hillary just pee'd her panties and bought a pair of running shoes! The Trump is closing in and there won't be any mercy, and he is not taking prisoners. Rosie O'Donald is probably having bad dreams and flashbacks! Not to mention the panic attacks every time she hears Trump's

name.

P.S.P.S. This Reb is thinking maybe we should send this militia after the criminal Obama! "A?" I'm willing! Are you?

It's time to take our country back!!! Viva La Révolution, Hillary!!! Happy New Year!! Yippie-yi-oh-ki-ya!!!!!!

### Second Amendment:

**"A well regulated militia, composed of the body of the people, being the best security of a free State, the right of the people to keep and bear arms shall not be infringed."**

**"I think again we're way out of balance. We've got to rein in what has become almost an article of faith that almost anybody can have a gun anywhere at any time. And I don't believe that is in the best interest of the vast majority of people."**
