

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Well, "Jimmy the Peanut" gave away Panama. Why shouldn't an even more incompetent man just give the whole damn country away? I mean, what the hell... why not... it's not theirs anyway. Like our money, it's not theirs either but they take it anyway!

Who the hell is looking out for those who have put these cowardly thieves in office? "Nobody." Our illegal executive branch consisting of the most despicable criminals, guilty of sabotage of our Constitution. The complete disregard for our laws, flag and our freedom!

The usurper is connecting with the most notorious violators of humanity that have lived in our time. Instead of fighting our enemies, he embraces them. Our children die in foreign fields of battle, while the children of our enemies are given scholarships to our universities.

Just think, we only have two more years of our dictators term. Two more long, lawless years of our own Communist dictator and a Congress of Woosies.

I heard something interesting today: "A government is a body of people notably ungoverned!"

How true it has become; all the checks and balances provided for have been thrown out the window. Ungoverned to the tune of \$18 trillion and growing!

If you have that "Well, let's see what is going to happen when the new Congress goes into session attitude," you will be sadly disappointed. The same old people are still calling the shots. McKickme and Bonehard. They never, never do what's right because their spines are a different color than red, white

and blue. They are rich and set in their proverbial ways of theft and cowardice in the face of the enemy. The dictator and usurper of the American People's Democratic Socialist Republic!!!

Well, time again for the old Reb to ride! The General has surrendered the army of the Tennessee. I find myself riding as liaison to the Yankees, to keep the peace between ours and theirs. Yankee pickets everywhere and our men still have their weapons and the want and need to fight!

See you on the bridge!

P.S. Our Der Fuhrer finally got his crown! Did you see the picture for him with his tiara? Need I say more?

P.S.P.S. The Reb hopes each and everyone had a most excellent holiday! Now, suck it up. Our job is far from over, or even just getting started. The usurper says it doesn't matter about our new Congress and Senate! He's just going to continue on as before. That means, "Screw your Constitution and Bill of rights, Lucy!

I'm here to destroy you all. You

think I'm going to quit now? Ha! Ha! Ha! Where are my golf clubs? I feel another vacation coming on!!!! On the American people!!!! Four!!!!!!!!!!!!
