

# The Rebel Speaks

## GOVERNMENT ANTAGONIST AND HUGUENOT

Happy New Year!!

Nancy PP has taken the throne and Pocahontas Warren has said she is going to run for President.

Happy birthday, old Reb!

And, "Oh, my god!" Gabby Gifford is back on the trail of so-called gun control. The same old crap from the same Democraps.. It never ends and they never seem to pay for their crimes. You know, little things like treason, murder, buying elections, thieving from the American people and calling us deplorables.

When I see Chuck-off Shumeroid, I have to change the channel or suffer the repulsion of my dinner. We need that wall and we need it now!

Chuckie and Nancy have absolutely no intention of allowing anything to be raised on that border, except for dust as the illegals stampede over our border and disappear, not to be heard from until they kill, murder, or rape. Sounds ominously like the Clintons! "A?"

These people are already marching through their "Arch D' Triumph" in the House of Representatives in D.C., and are about to go to war against Trump and every man and woman who voted for him. They will try to eliminate the electoral college and add a new wave of anti-gun laws. I wonder how much money it took to get forty-five Republican Representatives to turn traitor and resign their office to give Nancy and the Democraps this new advantage.

By the way, you did know Nancy is a seventy-eight year old geriatric, didn't you? The word twit comes to mind!

Time for this Reb to ride.

"It's a cougar, Little Bob! He's all over your horse! Get off, Bob! Get off!" Bob came out of his saddle . "Oh, crap, he's on

top of me, Bob. Shoot! Oh, god, shoot!" Bob shouts, "I can't, captain! I'll hit you!"

"Shoot, oh, please shoot! Crap, I'm on the ground with my horse on top of me!"

Boom! Boom! "I got him, captain! I'm going to have to shoot your horse, his leg is broken."

My leg is broken, I'm hurt real bad. There is blood everywhere! "What are we going to do, Bob? My horse is dead and yours ran off... and I'm bleeding bad." Bob replied, "It's two miles back to the ranch, captain! I guess I'll go for help! I'll be back, captain!"

"Well, Lord, here I am! A dead horse on top of me, a dead cougar next to me. It's cold and Little Bob has gone for help. And now, Lord, there is a pair of Kiowas staring down at me! What a dream! What a dream!

**The Constitution's Article IV, § 4 REQUIRES the United States to protect each of the States against invasion. Who enforces the law?**

See you on the bridge!

P.S. Kevin Stitt is now our new gubberner. These next four years are going to be very interesting!

P.S.P.S. I could care less if the government is shut down. They weren't doing our business anyway.
