## GOVERNMENT ANTAGONIST AND HUGUENOT

Well, well, well! Isn't it interesting that in order to have closed borders, we have to go to court to do it?! Our state attorney general is in D.C. talking to a committee of non-responsive, socialist twits and morons who are not listening or even giving a crud about the borders. Apparently it is their commie job to put off any attempt to close the borders!!! My god! We have to go to court to do what is Constitutionally demanded!

Then about Bidenomics. What garbage!

It is incredible that our uncaring Secretary of Defense takes a powder in a hospital intensive care unit without telling anyone for over a week... not even Joe Bite-me or the (!!!) Deputy Secretary of Defense knew what the hell was happening!! Do you feel safe now? No one is watching our backs!

Total disregard for our laws... like Hunter and his arrogant contempt for authority, all while continuing to finger at us with his "fickle finger of fate!" Try that yourselves

and see what happens in a court for a traffic ticket, "A?" As the lady said, Hunter should be arrested and taken to jail right now!!! Isn't that what police do to criminals? Arrest them on the spot and haul them off to the can to answer for their transgressions? No brainer, "A?"

Trump is on his way back to the White House and the democries are scared to death. Personally, if I were one of the commie judges or lie-yers, I would have my bags packed and a commie country of my choice to get to when Trump wins... and he will!

Time for this old Reb to ride!

"Mr. Holly, happens that there is a deserted homestead about two miles east! You and your family could get a start there and we will be happy to help put it in order."

"Captain, we don't know what to say!"

"Just say, 'howdy neighbor!'"

See you on the bridge!

P.S. Trump is pounding the opposition to dust. We have had three years of open borders and lie after lie. This old Reb has had enough! How about you?

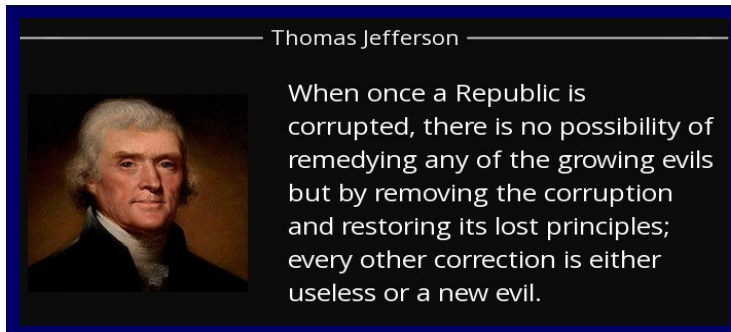

P.S.P.S. The illegal regime (installed democrap traitors) in charge of this country is pure evil. In front of the entire world they have decided that they do not have to enforce actual existing laws, they do not have to enforce our borders, they do not have to protect us against invasion, they do not have

to follow election laws, their judges can make random decisions without any basis in actual fact or law.

One judge is trying to convict Trump of ripping off banks, and is ignoring the fact that all the banks said they got their money and were very happy to do business with Trump. Another

judge is trying to convict Trump of a rape he never committed against a woman who can't even say WHEN it actually happened (because it didn't) and the judge is ignoring the complete lack of actual proof. And to top that off, another judge just hates Trump, and says so... and posts nude pictures of himself. And then there's Jack Smith, who has no actual authority at all. Garland appointed him, ignoring the fact that he had no power to do so. Smith was not nominated by Biden or confirmed by the Senate. There is NO Office of Special Counsel in the U.S. Dept. of Justice and no statute allowing such an appointment according to the appointments clause of the Constitution.

It is past time to stop all this. Get ready for a fight, because the democrapts will not give up power without one. So, patriots, buckle up.
