GOVERNMENT ANTAGONIST AND HUGUENOT

Well... has the old Reb made you mad yet? I've been trying real hard! What the hell! Why try?

Our government in the hands of criminals and no one cares. What does it matter?

Our own government officials ask to investigate themselves, at which Holder and the Obamas are still laughing themselves silly. In other words, "Go 'F' yourselves... we'll do what we want and you can't stop us! Come and get us, if you can get past the spectacular Homeland Defense system we installed, just for your entertainment! And, it only cost you trillions!"

Right out of the "How to Take Over Government Without Really Trying 101" book, and we're the suckers! They tell us lie after lie after lie. Steal and embezzle trillions of dollars. Here we are, starting the brand new year off with scandals in D.C. that make Watergate look like a teen prank! Not to mention they want you to re-elect them, so they can finish us off.

How does it feel to be ruled by a totally incompetent tyrant dictator like Idi Amin? And, it's just going to get worse. After all the Obamas have three more years.

Just think... if Hillary Dillary doc gets elected, "Gee, President Hillary, the Third Division was just wiped out by an Iranian Nuke!" and "What does it matter? What does it matter? There must be some money

here somewhere! The Obamas couldn't have gotten it all!" Greed their game, our complete submission to serfdom their aim! And they don't care what laws they have to break or

who's death they have to ignore to do it!!!

Like I've said in the past, every one of these thieves of Freedom are, save a few, Lie-yers—I mean lawyers. Don't get this old Reb wrong, I believe that lawyers do have their place. The problem is they have forgotten their place and think they need to rule while robbing us blind! Lawyers used to think politics was beneath their station. Wouldn't it be nice if it were so again?

Our so-called Justice Department is, I would say, definitely on the take. Justice is just a joke, kind of like people like Boehner and McCain. What a pair of woosies.

Time to ride! The remuda took artillery fire; it's total chaos in the supply train.

See you on the bridge!

P.S. "John Kerry" - the Ayatollahs can't stop laughing their camel humps off. This is worse than Jimmy "the nut farmer" selling the Panama Canal to the Chinese!

P.S.P.S. Iceland fired it's entire government a few years ago.

Now that's something our magnificent media and government is keeping from us. They don't want us to know how easy it is!

I am not among those who fear the people. They, and not the rich, are our dependence for continued freedom. And to preserve their independence, we must not let our rulers load us with perpetual debt. We must make our election between economy and liberty, or profusion and servitude. If we run into such debts, as that we must be taxed in our meat and in our drink, in our necessities and our comforts, in our labors and our amusements, for our calling and our creeds... must come to labor sixteen hours in the twenty-four, give the earnings of fifteen of these to the government for their debts and daily expenses; and the sixteenth being insufficient to afford us bread, we must live, as they now do, on oatmeal and potatoes; have no time to think, no means of calling the mismanagers to account; but be glad to obtain subsistence by hiring ourselves to rivet their chains on the necks of our fellow sufferers... A departure from principle in one instance becomes a precedent for the second; that second for a third; and so on, till the bulk of the society is reduced to mere automatons of misery, to have no sensibilities left but for sinning and suffering. Then begins... the abusive state of man. And the fore horse on this frightful team is public debt. Taxation follows that, and in its train wretchedness and oppression.
