## GOVERNMENT ANTAGONIST AND HUGENOT

I must say that I have been a little set aside this month. New years, birthday, anniversary and my son home safe from Iraq. All in one a good beginning to a new year, for myself. As for the country, well... Let me see. We are down to three Republican candidates: Newt, Rick and Mitt! Mitt, a cowardly lion who bends to any Democrat pressure because he just wants to get along! Rick, another of the same-o same-o, Newt—well, not perfect, but quite an effective no nonsense kind of guy! My money is on Newt. Don't worry about Ron Paul. If he was a horse, he would not even be worth the bet to place and show!

We need someone who can deliver the proverbial knock-out punch by the second round. I believe Obama-pie hasn't got a chance with Newt! I'm not worried about Newt's previous marriages. I don't see where bad choices in marriage is anything close to rotten choices on purpose from our El Presidente now in power! Do you?

Every day this usurper is on the throne is a day closer to getting rid of any colors but red on our great flag. Every day Obama-pie is in D.C. is another day of ruin for our country. Now we are running out of time; our freedom is becoming more and more under attack. They are trying to pass a bill to make what I'm doing a jail offense. I will soon be an enemy of the state and each and every one of you out there will also soon be suspect!

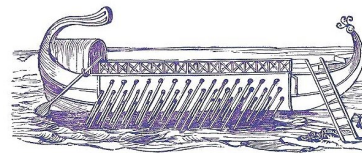

Welcome to socialism. How does it feel to be soon a fugitive in your own land while our politicians become our new lords and ladies of the realm? If the Republican party big wigs don't pull their heads out, there will soon be no more Republican party! Because... as with all communist and fascist regimes, there can only be one party! If you are not a good party member, then you are labeled a dissenter and enemy of the state... and then, if you can't escape, you will disappear, maybe never to return, never to be heard from again! If you don't believe me, ask the survivors of Stalin, Hitler, Mao, Mussolini or what's his name in North Korea. How about some one closer—Castro or Chavez. Mr. Obama-pie goes out of his way to idealize these monsters every stinking day, drawing all of us closer and closer to our doom if he gets his way. I understand he is a great admirer of Hanoi Jane. Are you?

Well, it's once again time to ride, for I feel the cold wind of communism on my face. So I must keep the fires of freedom lit as long as possible, so that the warmth and shelter that freedom provides each and everyone will not die! So, keep your powder dry and your muskets by the door, for tyranny is at hand!

See you on the bridge!

P.S. the Iranians have put their navy to work and threatened us with naval blockade. Has anyone ever seen the Iranian navy? What is a row boat?
