## GOVERNMENT ANTAGONIST AND HUGUENOT

DeSantis drops out, as if he ever had a chance! “A?” Now all eyes are on Nicki Haley. She never had a chance toe to toe with Trump. She is pouring piles of money into a campaign that is going nowhere. As far as I can see, she is headed for another Trump tromping in South Carolina.

Meanwhile, back at the ranch Keri Lake has turned down bribes to not run for at least two years, all done by McConnell “The Turtle” and his minions! The corruption in our government knows no limits! These criminals think this entire country belongs to them, and we, the despicable deplorables can go fish. All this and more as they accelerate the locomotive into WWIII while “Ole Joe” (if the real Joe is even alive anymore, see the 6/1/23 edition) fiddles around in the White House trying to find his ice cream!

Anyone seen “Camel” Harris lately?

So, what do we do my fellow patriots? Twenty five states are backing Texas and close to half are sending state troops to the border... meanwhile Bite-me is sending federal troops to actually try to force AMERICANS to stop the closing of our borders (this is the federal government choosing to refuse to enforce our laws, which is a power they do NOT have)! A clash is bound to happen as so-called bipartisan Congress says it will cut down on the illegal crossings of our border! B.S.!

Now this is what you call a real civil war! The other one was not a “Civil War” but a war of secession. There is a beautiful difference, so... buckle up and ride the zingo (rollercoaster). We are about to shoot at each other.

What the hey? Everyone else in the world is doing it. Why not us?

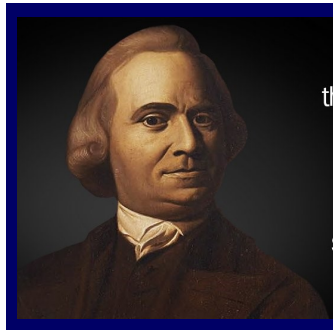

Time for this old Reb to ride!

“Mr. Holly, there it is! A house, barn and shed. It needs some repair, but with a little work it will make a fine place! You can set up yOur blacksmith shop and I am sure you’ll have more work than you can handle!”

“Well, Captain, I’m ready to role up my sleeves and get to work! We’ll all pitch in!”

See you on the bridge!

P.S. The insurrection on January 6th was in Congress. When they certified the election of 2020, they did so despite the FACT that several states had illegally changed their voting laws right before the election. For that reason alone, it was their sole responsibility to return the election to the states.

If ye love **wealth better than liberty**,  
the tranquility of servitude  
than the animated contest of freedom -  
**go home from us in peace.**  
We ask not your counsels or arms.  
Crouch down and lick the hands  
which feed you. May your chains  
sit lightly upon you, and may posterity  
forget that you were our countrymen!

— Samuel Adams

Everyone in Congress violated their oath of office that day. ALL of them. Biden and Harris, by swearing the oath and taking office have also violated the oath for the same reason. Every single person in government who has sworn that oath and allowed this travesty to hap-

pen have violated that oath. Top to bottom. The punishment for violating that oath is getting kicked out of office and jail and/or fines.

P.S.P.S. A democrap Congressman’s aid actually made a gay sex video in the Senate Hearing room and the Capitol Police have announced that no charges will be filed. The Congressman fired the aid, and no other action will be taken. At all.

Meanwhile, the January 6th prisoners are still locked up and they were invited into the Capitol building by the Capitol Police and the main entrance was unlocked and wide open because of Nancy Pelosi and her ilk. So, they actually committed no real crime.

So, you can video naked sex, but you can’t walk into an open building. That speaks volumes about D.C., doesn’t it?.
