

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

My God!! Another shooting by an 18 year old in Florida. This is socialism at its best. Charles Schumer and Nancy P.P. and their California and New York socialists protect the murderous crap that is on the video games... that our children watch instead of doing their homework and enlarging their brain instead of emptying it. The Democrap party is

totally responsible for all of this crap. But, what do you expect from a party of criminals who call it freedom of speech, freedom of expression?!!

Our Republican congressmen with their lilly-liver "give-in so there is no confrontation" attitude are no less guilty.

Enough! Enough! I'm screaming, "Enough!" That is why Trump was elected, because we, the people, have had enough Democrap crap!!!

Now these anti-gun morons will start in again. It must have been the gun that caused it... not the Democrap freedom of violent videos that caused it. We need less homework and more shiite violent videos, because our children are bored to death! Is that it? Is this what you want for your children's future?

This kind of thing is exactly what prompted this Reb to

begin the "Rebel Speaks!" How much more do we, the "little" people have to take from our so-called complacent government officials?!!

THEY WORK FOR US!!!

Time for this Reb to ride! Winter is almost done and time

to round up. The local ranchers have decided to combine their herds along with ours this spring and drive them north to sell. Mr. Harris said he was a little bloody well excited to be a part of it and had decided not to go to Australia. He couldn't imagine anything else more exciting! Where else could you see such history and a Kiowa ride like no other man on the planet!

See you on the bridge!

P.S. All this crap about memos is nothing but smoke and mirrors to keep our minds off what the con-

gress is really up to... which is the same-o same-o... nothing else!

P.S.P.S. DACA... give me a break! Nancy P.P. needs a new pool boy. Charles Schumer needs a new driver for his limo!!

To all you Democraps out there:

Here is your chance to shut this Reb up. I can be bought. All it will take is two million dollars—in either gold maple leaves or Krugerrands—tax free, and a 1972 Jaguar XJ12, black with black leather interior and convertible top... no more than twenty thousand miles (certified by a qualified Jaguar mechanic) tag, tax and title all paid in my name...

And this Old Reb will shut the hell up.
