## GOVERNMENT ANTAGONIST AND HUGENOT

"Ah," President's Day! Now, if only we had a president! I wonder when the liberals will change that, too? To what you think? To Dictator's Day! What else?

The day of the Emperor! Nothing less, I would guess! Personally, I would call it Back-shooter Day or Day of the Usurper. After all, we no longer have a legal government, a constitutional government.

There is a reason that people like Coburn do nothing to stop it. That is because they believe that, if they can bamboozle us long enough, they can cut out little pieces of the pie for themselves. Heir Doctor will be the replacement for long-dead Heir Doctor Goebbels. Or, who knows, maybe Heir Doctor Coburn is chomping at the bit to become the newest form of Heir Doctor Mengele... dissecting us without anesthesia and alive, to see what makes us scream.

You know, before these monsters were set lose, they were very much like Heir Doctor Coburn. All knowing, benevolent and aloof of the rest of society. What? You think it can't happen here? I've got news, it's been going on in preparation since Willie Billie and Hillary Dillary Dock. Freedom ran up the clock. The clock struck twelve and the usurper put on the crown! The blood of free men ran freely upon the ground. It is too late to run, it is now time to face the siege on freedom. Time to brake out and take the fight to them!

The minions of Obama the Usurper attack us daily. With each new day comes a new attack on free Americans by the enslaving so-

cialists. Yes, freedom is great, as long as you are one of our future rulers. For the rest of us, slavery to the state, the game slave comrade your name. Think our taxes are high now, just wait. Mr. Obama-Pie is not even getting started yet. Three more years of this man will make us not a third world nation, but a memory in the minds of those who remember... as we sink into even fourth world status.

So, in reality, we as free Americans have no choice but to stand until the last. When they get the guns, it's all over, except the arrests and executions of patriots.

Don't believe me? Ever heard of the Night of the Long Knives?

Time for this Reb to ride! The devil is in the hen house! Disguised himself as Casanova! Nancy P, Barbara B, Maxine W., his concubines, each the Devil's whore.

See you on the bridge!

P.S. Each of these criminals sold their souls for riches and power. Is your soul for sale? Mine is not! But, I would gladly trade it to my creator for freedom for all who deserve it. Let the bells of freedom ring!

P.S.P.S. Way past time to choose sides! If you haven't decided or committed, then we shall call you future slaves. The weak and cowardly, worthy of nothing. Your creator is watching you! What say you? Freedom and the Lord of Hosts await your answer! What say you???

### Night of the Long Knives

1934: Hitler takes complete control of Germany, but constantly feared that he might be ousted. He uses the tactic of divide and rule and encouraged leaders such as Georing, Goebbels, Himmler and Roehm to compete for position. As a result, these men did not get along with each other. Roehm was particularly disliked because he was the head of the Sturm Abteilung (SA). He had tremendous power, as the SA consisted of a force of 3 million men—a force much larger than the German army.

On June 29, 1934 Hitler, accompanied by the Schutzstaffel (the German "SS"), personally arrested Roehm. In the next 24 hours 200 other senior SA officers were arrested - many were shot as soon as they were captured. Roehm was shot by two SS men. As a result, the SA lost power in Germany and, under the guidance of Himmler, the SS grew to be the dominant force in Germany.

This purge of the SA was kept secret until July 13th, when he said "I gave the order to shoot the ringleaders in this treason," calling it The Night of the Long Knives. Hitler, thus, took complete control of Germany
