## GOVERNMENT ANTAGONIST AND HUGUENOT

Where's the Camel? Anyone out there seen the Camel lately? Do you suppose she is driving a tank to the frontier in the Ukraine?

Meanwhile, back at the ranch Dr. Fouci-Mengele is also nowhere to be found. The democraps are dropping mandates as fast as they came up with them. They are watching Trudeau running from one hideout to the next as the truckers in Canada, along with the rest of it's population, persist! They may as well, as most of us, have had enough!

Truckers here in the U.S. of A are now engaged in the same kind of endeavor! And Europe is experiencing the same thing! Everyone everywhere is tired of being dictated to by a very few who believe themselves floating on an exclusive cloud over our heads! They are drunk on power and treasure, which comes from OUR pockets!

I am not against being wealthy. I'd like to be wealthy myself. But to use us to take it all if they can and leave us destitute and at their mercy—that is where the line lies.

Remember, as said by one of the worse criminals of them all: We are all deplorables!

Does anyone know how to spell TYRANT? The Constitution says "We the people" — not we the tyrants, the dictators, we the kings!! We are free men and women, not subjects to be enslaved. Stand free or die a lackey!!!

Time for this old Reb to ride.

"How 'bout it Doc?"

"Well, Mr. Colby, your boy is tough. He has a concussion and a broken arm, but he'll be alright in about six to eight weeks."

"That's great news, Captain!"

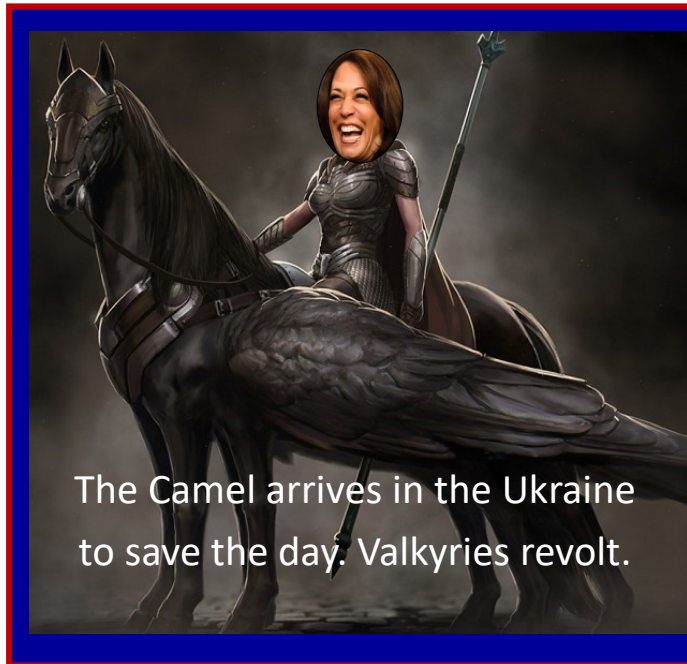

"Yes, boy!"

"I told you I wouldn't be down long!"

"Indeed you did, boy! We'll have you back on your horse in no time at all! "A, Mr. Harris?"

"Right as rain!"

See you on the bridge!

The Camel arrives in the Ukraine to save the day. Valkyries revolt.

P.S. Lankford let us and Trump down. Now he wants to go back. Like the jab, I say, "No!" James, go home.

We sent him there to back Trump and he cowed down to Nancy. When an elected official votes *his* "conscience," then he has betrayed those who elected him. When he was elected, he lost that right. WE who elected him are the conscience to which he is to vote for, and nothing else! Let Lankford go fish!

Why? On January 6th Lankford stood in the Senate and said he opposed certifying Joe Biden's win, saying there is "a constitutional crisis in our country" because "millions of Americans are

being told to sit down and shut up." Moments later (conveniently) the Senate was cleared out because of the building breach. When the Senate returned, he switched and voted to certify the election he knew was not right.

P.S.P.S. It seems Hillary-dillary-dock paid pro hackers to hack the White House computer system, to spy on Donald Trump, President of the United States of America! THAT is espionage, treason, which is punishable by death... or, these days,, a free sex change and note from her doctor! Do you suppose she knows how to say, "Je suis un espoin." "I am spy"
