## GOVERNMENT ANTAGONIST AND HUGUENOT

The Russians are coming! The Russians are coming!

The Democraps and their propaganda news machine is back at it. They know they haven't got a chance in hell of winning the election, so they are pulling their same old tired rabbit out of their worn out hat, saying Putin is interfering in our election again!

Let me say this... Trump doesn't need any help to beat the crap out of any Democrap candidate that the Democraps can come up with! They are, bar none, the most corrupt bunch of thieves and liars in the recent history of our country.

You know, if you believe the Russians are interfering again, I've got some swamp land for sale to any Democrap that isn't allergic to 'gaters! What a pathetic bunch of hateful losers. They are so pathetic that they are pulling the same old democrap to push out one of their own kind... Bernie "the commie" Sanders.

We must resist them at all costs, else our children and their children will become their peasants and serfs with little or no future. They want only to rule us, to keep us silent and poor. We must stand the volley until no Bolshevik can be found in America.

We must fight to keep this land of the brave, this land of the free. We must take the House back and send Nancy P.P. packing, never to return. Then stand vigilant to see the beast never raises its evil head upon our shores again.

Time for this Reb to ride.

"Captain, Ms. Rhea is coming up the road and she has some-

one with her... a man and a boy."

"I see that, Mr. Harris! My angel, who have you got there?"

"This is Paul Richard and his boy! He is an out of work carpenter and I think your thumbs can use a rest from your hammer!"

"Aye, Ms. Rhea, the Captain has increased his vocabulary of curse words since he started your new house."

"Mr. Richard, meet Mr. Harris and my betrothed, the Captain."

"Rhea, my thumbs feel better already. Mr. Richard, you've got yourself a job, and your boy, too! You can start in the morning, after breakfast. See, Mr. Harris, I told you she is my angel."

"Aya, Captain, and sometimes an avenging one."

"Don't you know it, Mr. Harris."

See you on the bridge!

P.S. Bite-me Joe is slipping under the wave of his own party. Pokahontas can't find her teepee! Bernie has gained ground and can't pull his head out of his own arse. The Democraps are turning on their own like the rabid beasts that they are. They are cannibals and

will eat their own children. Trump has already won. We will, though, go through the painful motions and the democrap ahead.

P.S.P.S. The virus of the century. I personally think the Chinese may have set this loose themselves and are now reaping the whirlwind! The problem is, some of us will suffer because of these carless commie morons!

**FASCISM:** The government orders you to give the fruits of your labor to others. If you refuse, the government arrests you.

**COMMUNISM:** The government takes the fruits of your labor and gives it to others. If you refuse, the government arrests you.

**SOCIALISM:** The government POLITELY takes the fruits of your labor and gives it to others. If you refuse, the government arrests you.

**DEMOCRATIC SOCIALISM:** At the request of 51% of voters, the government POLITELY takes the fruits of your labor and gives it to others. If you refuse, the government arrests you.

**Democratic Socialism - like Fascism, Communism and Socialism - are all rooted in envy and rely on force. In summary, they are all EVIL.**
