

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

One more product of the Democraps opens fire and children die. Then the socialists take the opportunity to use their smoke and mirrors to use children to their cause, teaching them - through our socialist schools - how to protest and once again, the guns are forefront instead of targeting the real virus that infects our society today!

This is nothing other than the use of the Communist Manifesto, written by Karl Marx and Friedrich Engels. Teachers have no business teaching our children anything but what they were hired to do. Want raises? Do your jobs.

These kids coming out of high school are dumbed down, inexperienced and gullible! If the teachers want to protest, they can do it on their own time and their own dime. It's bad enough that they don't want to give homework to our kids... they need that time to protest!

You know, my wife works for a state university in administration... she hasn't had a cost of living raise in 9 years. Our legislators have. Why don't they give it to the teachers, so they can get back to doing what they are supposed to do... educate our children, not indoctrinate them!

Time for this old Reb to ride. We are building a new bunk

house. Going to take on a few new hands for our spring round up and drive north. Can't wait!

P.S. Don't really care what happens to bumper stocks. I don't need one. Do you? I'm also going to re-join the N.R.A!! How about you?

How to Change America

1. **Control healthcare and you control the people.**
2. **Increase the poverty level as high as possible.**
Poor people are easier to control, because you are providing everything for them to live
3. **Increase the debt to unsustainable levels. That increases taxes, and will produce poverty.**
4. **Gun control—remove the ability to defend themselves from the government**
5. **Welfare—take control of food, housing and income, every aspect of life.**
6. **Education—take control of what is learned**
7. **Remove belief in God/Religion**
8. **Class warfare—divide the people**

Dicks Sporting Goods—the name says it all.

P.S.P.S. Violence seems to have “suddenly” overtaken our society. No... This has been an all out assault on the American Family and our way of life. Massive numbers of children have no father in their lives. They listen to music that glorifies gangs, rape and murder. They watch television shows in prime time that are disgustingly gory with bloody scenes and dead emaciated bodies. They watch movies that we, as children, NEVER saw. Violence, murder, rape, horror,

slashers... and more. Every day! Massive numbers of children sit in front of the boob tube every day, their brains plugged into a video game where the objective is to kill, beat, rape, rob, murder—the more you kill, the more you win. And we are surprised when someone today goes out and does what they've been practicing for years?
