## GOVERNMENT ANTAGONIST AND HUGENOT

"Dig deep," he says! Dig deep so he can spend more! He and Michelle need another weekly vacation on us. Our Representatives and Senators need new limo's, and Joe Bite-Me needs gambling money on the golf course.

You know, this old Reb is not a rich man. Every dime I have was earned with blood and sweat. These arrogant thieves live in and do business in that which I and others like me built. Every house and building, every pipeline, every electrical circuit, every brick and every board and nail! And, there they and the lawyers and politicians sit, in their comfy office chairs and say, "Look what I did!" "Yea," what did you thieves and liars do? Steal, lie, cheat and maybe even murder.

Some of the worst abusers that live are lawyers. I know! I've seen it! Not to mention, some of the worst drug abusers and scandalous back-shooters that ever lived! I've seen that, too. I even know a few. Judges, prosecutors, so-called attorneys, patrons of justice! What a stinkin' laugh!

Just like Judge Thompson in Sapulpa (<http://www.nydailynews.com/news/national/ex-judge-donald-thompson-busted-penis-pump-trials-pension-cut-article-1.968325>). What a pervert.

There I was, under that jerk's desk, on my hands and knees, trying to find the source of the static that was messing up their court recording equipment!

That scum put me in jeopardy of God knows what kind of diseases. And another liar, I mean lawyer, told me I had no basis on which to sue that masturbating S.O.B.—that coming from a guy who I gave money to for legal help three years

ago... and still hasn't got the job done, and never checks in for updates. Liars, thieves, con-men. The same kind of people in elected office.

### AND THAT'S JUST THE SURFACE

I'm sorry! I want results or I want my damn money back, with interest on the loan! Where's our money, Joe? Lost it on hole six, did you now?! What about that disbarred Michelle. I don't remember giving her money for her extravagant trips on the house, or for her expensive French designed clothes and custom Italian shoes! You people in D.C.—that's District of Conmen, owe us a shiite lot of money and I'm putting you all on notice—it's time to send the collections man to Washington. Don't you think so? No wonder they want our guns! "A!"

Time to ride. The old Reb has got to make up a few Dixie notes. I have a feeling I'm going to need them soon!

See you on the bridge!

P.S. Did anyone else besides me notice Robert De Niro dozing at the Oscars the other night?

P.S.P.S. "So!" you heard it from the horse's own mouth, this directed at Daniel Day Lewis (based on a statement by Oscar host Seth McFarland). That the only actor who ever really got into Lincoln's usurping and conquistador-of-a-sovereign-nation's head was John Wilkes Booth. Southern patriot and member of our southern militia—son and hero of the south! I wonder, who will get into

Obama-pie's usurping, thieving head? Anyone see Braveheart? Remember what they did. They did the same to our son, John Wilkes Booth. They hanged him. Then he was cut to pieces by a bunch of Yankee med students!
