## GOVERNMENT ANTAGONIST AND HUGUENOT

We made it, my friends! Thanks to "Ole Joe" (the fool's fool) he has finally done it. This deterring old fool's fool has brought us to the brink of global nuclear war.

I remember when I was a kid and people all over the country started building fall out shelters. Bare in mind, you have to make it deep and large enough to keep yourself and your family shut in for at least 5,000 years before you can come outside... for about twenty minutes before you have to scamper back down to your rabbit hole.

A small example: cobalt sixty has a half life of about 5,000 years, so, in reality it would be twenty five thousand years before the earth would again be livable! You ask, "how does the old Reb know about this?" Well, years back on the job quest I graduated from Spartan in their non-destructive testing program!

Let me say that all this so-called "climate change" should now be lowest on your list.

♪ "Oh, can you see, by the rocket's red glare, that our flag was no longer there?" ♪ Anyone know how to avoid the Pompei affect... the fire from above? Putin is a serious adversary. So, now, let's see if we have to kiss our arses goodbye... all brought to us by Joe Bite-me and his gang of outlaws!

Time for this old Reb to ride!

"Jimmy and Charlie are back with the Ranger, Captain!"

"I'm Buck Howard, and this is Tom Self. There was a stage

hold up and this one was shot getting away! They took twenty thousand of a banks' money being shipped to a bank in Amarillo."

"Well, Buck, there is a trail leading northeast!"

"We had more men saddling up when we left. They will be here soon! We'll take the body and his horse back. The rest of us will hunt down the others, Captain!"

"Good luck, boys! Mr. Holly, I think we can start setting up your shop!"

See you on the bridge!

P.S. Trump won his Supreme Court case, saying Colorado and the other commie states cannot exclude him from a legal ballot!

The more these commie democraps try, illegally, to reinstate their criminal into the White House, the deeper their ship sinks and the more Trump gains!

We are in a political war like no other in America! If we lose to the democommies, then you can say goodbye to the good old U.S. of A.!

If Putin launches, all bets are irrelevant, incompetent and immaterial!!!! Don't believe

me, ask Perry Mason!!

P.S.P.S. Ask yourselves, patriots... Would you be willing? To trade all the days from this day to that one for one chance, just one chance, to stand here in America and tell our enemies, the democraps that they will never take our freedom!

Yes. Buckle up, patriots!
