

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Well!! Well!! Well!! All the Democrap candydates are dropping like the flies that they are! They have been busy fixing the Super Tuesday vote with just enough glitches to nail everyone except Commie Bernie.

Wait for it. They will eventually buy him off so Joe Bite-me can be the choice of the Democrap party—to run as the criminal he is against Trump. What a lying sack pf democrap! He and his son are under investigation for the real Russian connection, and he is so delusional that he thinks voters will elect his corrupt arse and give him the ultimate power.

Pokahauntas is still lying her arse off on a daily basis, and has now thrown in the towel.

I would suppose the Democrap might actually offer Bernie the Vice President position. So... while Bite-me tries to remember his wife's name, Bernie will still get what he wants!

I thought maybe he would take his constituents money and run. It is still possible. I guess we will just have to sit back and hope. Either way, none of them have a snowball's chance in hell of winning the election!

Time for this old Reb to ride!

"The house is doing alright, since a real carpenter is working on it, Mr. Harris!"

"Aye, Captain. Feels good to not have sore thumbs!"

"You can say that again, Mr. Harris! Mr. Richard and his son are good carpenters. He will have a lot of work with all the marriages about to happen."

"Don't you know it, Captain! Don't you know it!"

See you on the bridge!

P.S. Mr. Inhofe, you are 85. Time to retire, come home and enjoy your airplanes and give someone else a chance. No more geriatric politicians! Thank you for your service.

P.S.P.S. Oklahoma's Governor Stitt is a disgrace to the office. At a time when we need consensus and real solutions, Stitt is creating a war with Native American gaming in Oklahoma. The tribes are sovereign nations and have every right to the money their businesses earn, and actually owe the state

NOTHING. The fact that they agreed to give money to the state is to their credit. 88% of all gaming money goes to public education, which is grossly underfunded anyway. Stitt wanted to take ALL of that money and put it in a trust fund. So, where was he planning to get money for education? When the tribes agreed, years ago, to give the money to the state, and to education, the state congress started gutting education's funding from other state sources. Take that, and education gets nothing, and education has been gutted for years anyway. Stitt is a disgrace

to his office and needs to go. I see where people say that he's a Trump kind of guy. No way, because Trump would never turn his back on the great deal that the tribes agreed to in giving money to the state... if he wanted to re-negotiate, he would have done it in a proper, businesslike manner, not with Stitt-stunts. The truth is that Stitt wants to bring in commercial gaming. Are you kidding? Destroy a bustling Native American business model and bring in the mob. Great.

Stitt needs to go.

Trump isn't Hitler.

Hitler sounded more like Bernie and the Democratic Party...

"We are socialists, we are enemies of today's capitalistic economic system for the exploitation of the economically weak, with its unfair salaries, with its unseemly evaluation of a human being according to wealth and property instead of responsibility and performance, and we are all determined to destroy this system under all conditions."

-ADOLF HITLER
