

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

How do you draw attention away from illegal political activities when you are someone like Biden, the Obamas, the Clintons? Simple, you start a war!

When they take our attention off of their incompetence and their criminal activities - involving Hunter, Pelosi's daughter and Soros', or their dealings with those bio-labs in the Ukraine (while we look the other way) - they quietly sweep their B.S.

under the rug. Then you turn back around and say, "Where did that go?" They innocently shrug their shoulders and reply, "What are you talking about?"

I mean, where's Fauci (America's Dr. Mengele)? Where's the Camel? She went to see Putin, came home, locked herself in her room and won't come out? It must have been a lovers quarrel! "A?"

Mean time, back at the ranch, Putin is still bogged down? Either the blitz didn't work out as well as it did for Uncle Adolf or something's amiss. What is it now? It's going over three weeks. The Israeli's did Egypt in seven days! Rumor has it that Putin thinks he's chasing Nazi's. If he is chasing George Soros, he may be on the right track!

Back here, Bite-me is screwing with the oil and driving the price of a barrel of crude over a hundred dollars. Thanks, Uncle Joe! I think I'll buy myself a horse. After all, when fuel is gone and the batteries in the electric cars go bust, I don't intend to be on foot!!

Time for this old Reb to ride!

"Prairie fire, Mr. Harris, get the crew and send half to move the stock and the other half to fill water buckets in case we have to fight the fire!"

"Aye, Captain!"

"...and send two hands to help out the Corporal! Bring the women here and we'll put them in the old tunnel that Pennsylvania miner built from the house to the barn! It saved us once before, when the Kiowas burned the original cabin down! With us in it!"

"Aye, Captain! I well remember!"

Nazi Germany in the 1940's... George Soros' father bribed a non-Jewish Nazi with the agricultural ministry to let George live with him. George helped Nazi officials confiscate Jewish property and joined other Jewish traitors as a "Judenrat" to round up Jews for the trains to the Nazi death camps. Millions died. George Soros is on record stating that this was the best time of his life.

See you on the bridge!

P.S. From Mrs. Reb:

Dateline, January 6, 2021.

We need to not certify this election "because millions of Americans are being told to sit down and shut up."

James Lankford to the Senate on January 6, 2021.

Conveniently, the Capitol building was suddenly breached and overrun with "violent insurrectionists" and the Senate was cleared out and sent to a bunker...

right after Lankford's statement.

And when they returned to the Senate to continue the discussion, Lankford declared for certifying the election.

Now, that bothers Mrs. Reb a lot. Coincidence? I think not! The change in Lankford means he was either coerced or bought off.

P.S.P.S. Inflation—the highest of all time in the history of America. The man at the wheel, who hasn't the capacity to unlock his own tricycle, has "we the people" trying to figure out how to drill in our own back yards and refine it in our garages... but they might accuse us of building stills!

We need our resources working for us! The left only wants us to slave for them, to die for them in their frivolous adventures. With insanity running rampant all over the world, all this old Reb has to say is, "hold fast!" It's just getting started.
