

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGENOT

"Well!" Am I right or what? I said it and I'm going to say it again. We no longer have a legal, coherent, viable government to do our business. Any resemblance to a governing body went out the window with the cash before the sun was up. "We are screwed." No matter what they do, they are as far from being put back under control and being forced to actually do their jobs, as I am from being appointed Pope!

They have ceased to govern and have begun to dictate. Constitutionally, we have the right, as citizens, to shut them down and send them all home... and hold new elections... and start from the beginning... and dictate to them, "You work for us!" Get your work done and do it right the first stinking time! Then, go home!!! "Yea," we are tired of being tired, Joe-Joe. We are tired of your B.S.! When are you going to pay us back, Mr. Flim Flam man?

On top of it all, the I.N. S. let go illegal aliens! They set the dogs on us! While they create chaos and destruction, drawing out all of our law-enforcement resources to keep our attention off of Obama's childish incompetence! Nero fiddled, Obama-pie plays golf—what a parallel, "A?" Nero had the good sense to do himself in. Obama thinks he and Michelle are going to rule!

I keep having this vision of a government limo careening down Pennsylvania Avenue with Obama playing childish pranks at the wheel. Look ma! I've got my eyes closed and look, no hands! Yuk! Yuk! Yuk! And, there in the back, a drunken Joe-Bite-Me with Tiger Woods still in their golf shoes, laughing while Nancy P.P. mixes

drinks, Joe is trying to pry her bony knees apart saying, "Oh, come on, Nancy, do it for the Gipper." Then, Obama does the

Dan Akroyd with two oranges against his eyes, yelling, "Look, I'm a bug! I'm a bug!" while zipping past a couple of D.C. cops who do nothing, since the last time someone tried to stop them, that person and his car ended up in the Arctic, patrolling penguins! Yep, that's what is going on... they do nothing and our country turns inside out and upside down. So, should we get off our rear ends and do it ourselves?

They wouldn't even know it till one of them tried to shower in one of those \$100,000 private office bathrooms and found the water shut off!

This old Reb has to ride. The Yankees damned the river and the well ran dry! Got to haul what is left of the water to the trenches! Hope it rains soon.

See you on the bridge!

P.S. Just think: Obamas rule; they have our guns and they have drones! They have all the money. They have Collin Powell, their Heir General! I smell something burning in the oven. I think it's our constitution and flag!

P.S.P.S. We are only free if we stand! If we do not say, "No," and stand now, there will soon be hell to pay. No surrender!!! No retreat!!! These people are pirates and will slit our throats any way, figuratively speaking. So, republicans, stand to and defend your ground.

By the way, there is a gun show in Tulsa on March 16th and 17th at the Tulsa Fairgrounds. Come and meet the Reb! See you there!

"The strongest reason for people to retain the right to keep and bear arms is, as a last resort, to protect themselves against the tyranny in government."

~~~~~

"Even under the best forms of government those entrusted with power have, in time, and by slow operations, perverted it into tyranny."

~~~~~

What experience did this person have that made these words so important?

We had no vote

No say on taxes

No right to be free from search and seizure of property and goods.

No protection from murdering government officials.

~~~~~

What tyrannical government was this person involved in the fight to overcome?

The British in the American Revolution.

~~~~~

The man was Thomas Jefferson.
He feared for our country.

Are you afraid? You should be.
