

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Well, my friends, the old Reb has been a little behind lately. I just gave birth to a ruptured little nasty puss filled appendix. That'll wake you up in the morning! Not to mention, the other nasty little things in this old body of whom have raised their tiny, but troublesome, other ailments.

But, have no fear, I shall overcome and weather through the storm. As well as we will weather Obama and Hillary until we completely rid ourselves of these criminals! They are now conspiring to take our government away from

the people and give it to themselves. I think they call it a "coup." Now, if they were not already engaged in criminal treason before, they sure as hell are now. They won't stop, not even when we start shooting each other. Just think, an illegal Latino is preaching that whites will soon be in the minority. So what! The constitution is what it is and no matter what race you are, if you love your country and are a patriot, then you will fight for it.

Freedom is what it is and I, as they, will fight any dictator, anywhere, any time!

Time for this old Reb to ride. We have seen evidence of Kiowas, maybe a hundred or more. Spring is here and they are on the hunt!

See you on the bridge!

P.S. Patrick Stewart (Star Trek: Next Generation) said he wanted to become a citizen of the United States... so he could join the fight against Trump.

Well, Patrick, go ahead and be sure to wear your

bright red coat, so I can pick you out of the crowd and fire the "second shot heard around the world!" After all, Patrick, you over act, your Shakespeare is shaky at best and your version of Moby Dick went down with the ship!!!!

P.S.P.S. Remember, the Reb said keep your weapons loaded... they would be back! Was I right, or was I right?

The liberties of our country, the freedom of our civil constitution, are worth defending at all hazards; and it is our duty to defend them against all attacks ... It will bring an everlasting mark of infamy on the present generation, enlightened as it is, if we should suffer them to be wrested from us by violence without a struggle, or be cheated out of them by the artifices of false and designing men.

- Samuel Adams
