

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

I hear the bell tolling and tolling as Spartans from all parts of the world run to the sounds of battle to fight the bear! Putin is now begging money and weapons from the dragon! He planned to be quick and deal out defeat in only a few days, and is now in a prolonged war. "The Art of War" says if you are not financially able to engage in a long engagement, don't do it!

It's obvious Putin miscalculated and is now in real trouble. His troops are not well trained, which is also obvious.

Back at the ranch Bite-me has gone to Europe to really screw it up and show what a real imbecile he really is. They have some really good ice cream in Brussels. I wonder if he took his little bicycle?

Did he take the Camel with him? As if she would be any good to anyone there. I'll bet she is in China looking after Uncle Joe's investments in the Chinese lithium trade!

Interesting... it seems the Chinese are watching for their opportunity. Remember, they haven't got an eight thousand year old history by being stupid!

Time for this old Reb to ride.

"The fire is getting closer, Mr. Harris!"

"Aye, Captain! Hades is on our doorstep! We moved the stock over to the river, to the west and crossed them over! I hope that works!"

"Well, Mr. Harris... I hope you're right or we'll all be broke and out of a home!"

"Do you hear it, Captain?"

"Hear what, Mr. Harris?"

"Thunder, Captain! Thunder! It's starting to rain!"

"Thank God! Thank God!"

See you on the bridge!

P.S. The U.S. Government. Turn-coats, collaborators, traitors to

their country! The Turtle, Schumeroid, Nancy PP... all charlatans! We suffer while our politicians are pampered, well fed and need for nothing. We the people are now we the peons! We the serfs! We the despicable!

How did we become so? We became gullible and believe in magic! That's what they, as conmen and conwomen want. Because every time a politician promises you something, he is offering a cheap magic show!

If you believe what they tell

you, then you have just become a member of the low end of the food chain!

P.S.P.S. The New World Order is upon us, and we must take a stand. The most important thing about what is happening now is the critical need for REAL information. What is really going on? If you take your news from any of the so-called main stream media, then you are getting propaganda, not news.

While Putin seems to be the bad guy, that may not be the truth. Putin put Russia back on the gold standard and walked away from the World Banks and their control.

Putin warned NATO, Germany, the U.S., etc., not try and put countries east of Germany in NATO... they did it anyway. That, alone, was a blatant act of war. Putting bio-weapons labs in the Ukraine, among other places, was another very dangerous thing to do. And here we sit, on the precipice of war. Lead by an idiot..

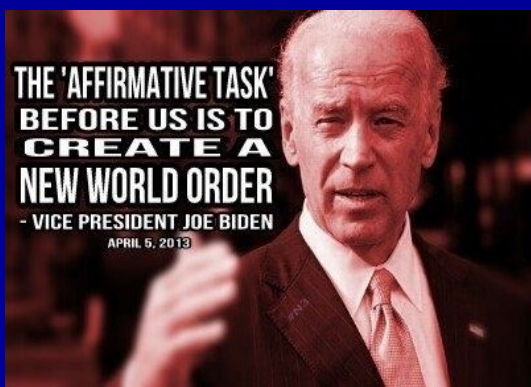

"You know, we are at an inflection point, I believe, in the world economy, in the world—occurs every three or four generations. Now is the time when things are shifting. There's going to be a

New World Order out there.

We've got to lead it, and we've got to unite the rest of the world in doing it."

Joe Biden
