## GOVERNMENT ANTAGONIST AND HUGENOT

Well, one of our boys has had enough and shot a few Afghans, so they say - and they don't understand what set him off? If anything, how about... this young man is in a war zone where the people he is there to help shoot him, or his buddies, in the back while the people the Afghans begged to get rid of are in the new government we helped to install - and themselves are involved in the back shooting as well! Confusing, isn't it? Caught in the crossfire! And America is once again suddenly to blame for the backwards, prehistoric lives of most Islamics!

How would you react if someone burned a bunch of bibles? Would you go berserk and start killing every Muslim you could find or stand back and say, "You know, bud, I really don't like that, so don't do it again! A?"

Besides, it's only a book; I can get another! My faith is not in the book, but in my heart and mind! And, above all, my soul! I cannot find myself murdering another for the mere destruction of a simple book, nor would I bring torture and suffering as my revenge! It is for those who do so to answer to their creator as He is the one insulted! Besides, He told me to stand aside, as "vengeance is mine sayeth the Lord thy God!"

This, though, does not mean I'm not supposed to protect myself and mine from harm. My son recently returned from Iraq. His opinion was "nuke it" and don't look back!

The people of so called Muslim love and hospitality have been at each others' tribal throats since before Alexander the Great... and the only way he was able to control the backwards goat herders was to let them know he was more than willing to kill them all! But, then again, he wasn't inhibited by NATO and the United Nations.

They fear for the loss of their little pagan souls if they don't do as some moron cleric tells them so because of their ignorance! It has always been so and it will always be so! If you don't believe me, well, the Al-Qaida and Taliban have vowed to behead any of our service men and women they capture now.

Now, isn't that about as desert caveman as it gets? And that is supposed to scare us! How about when they do and we capture them we wrap their scrawny asses in pig skins and drop kick it all into the river! Now, that would make 'em run. We should appeal to their belief in their immortal souls burning in their little desert hell, and threaten to make it so if the son's of "B's" don't cease and desist... like, yesterday!

What do you get when incompetent leaders fight wars is what we have now! A war should be fought to it's

completion in as expedient way as possible with victory always the goal. Once our military is given it's marching orders, we must stand back, get out of the way, let them do their job *and get it done* and come home victorious over our enemies, wherever they are. Or, maybe we should just give up and every year strap seventy two virgins to a big sacrificial rock and give them over to the new Muslim masters as tribute to maybe (or maybe not) beheading all of us! Judging from what I've seen of Islamic choices in beautiful women, I think we could probably make a lot of homely girls (who otherwise might be husbandless) very happy every year! What do you think, Ms. Fluke? Do you

think you could get the local mosque to hand out free contraceptives? Or do you think the Taliban would simply stone you to death as a harlot under Sharia law?

Time, again for the Rebel to ride. Cavalry and heavy caisson are on the move. I must see to the pickets.

See you on the bridge!

P.S. When the hammer strikes, it is better to be the anvil! Always stand your ground!
