

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

I have a question! Are there any priests in the Catholic Church who have gone woke and now identify themselves as nuns? What about Joe-Joe's cabinet? How many identify as something they are not? What about General Milley? What does he identify as, because he has never been under fire and has never heard the sound of the bee in his direction? "A?"

Whether or not they know or care about this country, we are engaging in World War III. For your information, there is now nothing we can do to stop it. So, dig in and watch the sky to brighten up before it gets dark!! Then try to find our so-called liar "leadership," because Biden and his Wild Bunch will have left us and gone into what they call exile. Meanwhile, fully expecting to be reinstated as the heads of their newly declared "provinces," where they extract our will for their own purposes (set up by our Chinese masters, to which the democraps intend to sell us)!

You know, the so-called World Court has issued a useless warrant for Putin's arrest, when the real culprit is "Ole Joe" himself. He started all this (Ukraine) to cover up the criminal activity he and Hunter (and several other American politicians) were up to! But, you see, the World Court has been bought as well.

Just like the so-called Nobel Prize board! Remember... they gave one to Obama-pie!

How do you feel, now that the democraps have put a price on your children's heads, if they manage to survive the first attack on American continent's soil since the British!!?? As far as General Milley—he is a paper lion! This dumb-dumb has never been shot at, never been on a real battlefield, and never commanded anyth

ing any more aggressive than his wife's toy poodle.

Time for this Reb to ride again!

"About time for branding, Corporal!"

"That time of year again, Cap!"

"Wonder what this year's drive will bring?"

"It's different every year, Captain. We found something sticking out of the dirt and sent for a fellow in town. He's a geologist... thought he could tell us what it is. Here he comes now!"

"Gentlemen, looks like you have a piece of a dinosaur!"

"A dino... what?"

"A rather large animal that lived before man!"

"It looks like a bloody huge chicken bone, Captain!"

"It does, Mr. Harris!"

"We'll get a wagon and dig it up and take it back to town!"

"Now, if we could raise a cow that big!"

"Corporal, that would be something!"

"Think about the size of the horse you would need, Cap!"

See you on the bridge!

P.S. The media says Xi went to Russia, but the reasons are "unclear!"

B.S.! Unclear my doggy's tail!! Just a few weeks ago Xi said the Chinese were preparing for a war with America! Need this old Reb preach on? We are sold out and up the river! I feel safe, how about you???

P.S.P.S. Meanwhile, in Washington, D.C., the rule of law has been tossed and crime rules the day. A staffer of Rand Paul was attacked and Rand Paul is not happy. Well, cupcake, what were you doing while D.C. was being turned into a crime festival? Oh, you were busy. Apparently too busy to stop and see the freight train of violence that's being turned on us.

And, while we're at it, the rule of law no longer applies, does it? It is illegal to cross our border without permission. It is illegal to protest in front of Supreme Court justice's homes. It is illegal to take graft money from foreign countries. It is illegal... need this
