

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGENOT

Well, it seems that there is more than one America. There is the America of Obama & Jessie Jacksonnnnn. The America of the Indian casino and the America for the rest of us! Which one do you live in? Gee! How long do you suppose that Jessie & Al & Rev. White & Mr. Obama intend to keep running the wagon to the cliff? Until it goes completely over the side... and start a shooting war with the black population of our nation? One which I believe we are already getting a preview to!

It is getting worse. There are more black gangsters in Tulsa, alone, than all the police in our state. Multiply that by 50 states. Our judges and politicians facilitate it all for their personal gain. They continue to let them loose on us. But if we raise the issue, then what you get is a mob of blacks in your face, because no judge will do the right thing and stop it by enforcement of our laws. Laws to stop me from protecting my own from them! No laws to stop them.

Look at Florida. The black mobs rule! There can be no fair trial for Mr. Zimmerman. The blacks have already found him guilty. I believe this is what you call reverse bigotry, racism, discrimination, if you will. Arrest a black and listen to them scream discrimination. "You can't do this to me. I'm black." Mr. Holderman is going to fix you good!!!

Isn't it funny that Mr. Zimmerman is Latino? So, when do we start burning witches again? Vigilantes in the streets, mob rule. Black Panthers putting up a reward for the death of Zimmerman is criminal, but that is a Black Panther—a thug and criminal.

I have an idea: how about open season on Black Panthers and all gangbangers, nation wide? You don't need rewards to clean out vermin. Being free of their crap is reward enough for me. Maybe it is time to lock and load and go hunting in target rich environments. I've had all the threats I'm going to take from these cowards; how about you? What about you Latinos out there? Protect your own. The Blacks hate you and think you are in some kind of competition with them.

Now you might think to yourself, "What does the Reb know

about prejudice? Well, I'll tell you. I lived in the 60's as a long haired hippie. I've been called every name in the book. I've been attacked because my crime was having long hair. Property destroyed or stolen, because of my hair. Insulted by restaurants, involved in one of the nation's first school shootings. My roommate and myself were protecting ourselves from a group of eight cowboys who kicked in our college dorm room door in the middle of the night at N.E.O. A&M in Miami, OK in May of 1971. They were intent on cutting our

hair and beating us to a pulp! Fortunately, they lost and we won! It's really amazing the affect that one blast from a 12 gauge will have on morons!

So, you see, I—the Reb—am totally qualified to speak on the subject of prejudice and life threatening situations! Are we, as a people, going to continue to put up with it just because of race? Creed? Religion? Probably! Why? Because tiny minds outnumber us all! There are those out there who still think the earth is flat and the earth is only ten thousand years old! "Hell!" We've been fighting middle easterners and Asians that long.

"There is a class of colored people who make a business of keeping the troubles, the wrongs, and the hardships of the Negro race before the public. Some of these people do not want the Negro to lose his grievances, because they do not want to lose their jobs.

There is a certain class of race-problem solvers who don't want the patient to get well."

Booker T. Washington

Well, time for this old Reb to ride. The cannonade has begun—it will soon be time to fix bayonets and cross open ground, fifes and drums playing their invitation to death... the sound of Valkyries on their way! The battle has begun!!

See you on the bridge!

P.S. Make the most of your life, because it is on loan and eventually you will have to give it back and give witness as to how you used it!

P.S.—P. S. The Old Reb still has long hair!
