

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Teachers gone wild! K-12 teachers are walking out—and we just gave more tax money to do what the legislators are unwilling to do.

The Department of Health has squandered \$30 million and they are not the only part of our government that is not audited on a regular basis. So, exactly what are we paying for?

And to top it all off, after passing all that massive funding, the almighty legislature just decided to repeal one of the taxes that was to pay for teacher wages—so, once again, an unfunded pfft.

The teachers got a \$6,000 pay raise Well, bully for them. Did the teachers deserve a raise? Yes. But K-12 has not been treated like a worthless second thought. State owned higher ed has. Every time K-12 runs short on funds, guess who they take it from? That's right.

Higher ed. For years now state universities have been gutted more and more. Every QUARTER. All faculty and staff at at least one state university are all on a monthly furlough—a day off without pay. Retirement benefits have been lost. Insurance is a costly PPO, rather than the HMO and better PPO's. Programs are gone. They teach more students with less money—with no descent funding in 10 years. Higher ed hasn't seen a raise in 10 years either and you don't see them walking out.

In fact, I doubt most Oklahomans even know this is happening.

And what's happened to the vital issue of the quality of the education these teachers are giving our students? Kids graduate from high school with junior high reading levels. They can't do simple math. Give one a penny after the sale has

already rung up. They CAN NOT do that. They freeze up with a complete lack of knowledge that 4 plus 1 equals 5.

Ask a high school student anything about Hitler. Or Stalin. Do they know that millions were murdered by Stalin? And do they know that Hitler's Germany took all guns away, leaving millions defenseless—and millions died? Do they know how many millions of Native Americans were "removed" or slaughtered by the U.S. government that took their guns

away?

Do they know what the Yankees did to the South?

Do you?

Do you know what Lincoln really did?

Investigate the truth or go step into 1984 and fight the monsters from the id.

Time for this Reb's wife to ride... (see what happens when you piss of the wife?). Well, we built a bunk house

and hired four new hands to help with the spring round up and the upcoming drive. Don't know what to expect, but I'll bet it will be quite and adventure!

See you on the bridge!

P.S. Did you see that stack of paper they called a bill last week? There is no excuse for it to be more than twenty pages. Another "if you want to know what's in it, pass it!!!" Trump is right, another Democrap debacle! Our Republican legislators are complacent and should be horsewhipped!

P.S.P.S. A supposedly 17 year old Nazi campaigning for gun control. I mean, how often do they change his diapers? As far as our teachers go, well, our children are so dumb they cant' count change when they graduate. A pay raise wont change their socialistic indoctrination!!

"The best way to take control over a people and control them utterly is to take a little of their freedom at a time, to erode their rights by a thousand tiny and almost imperceptible reductions. In this way the people will not see those rights and freedoms being removed until past the point at which these changes cannot be reversed." ~ Adolf Hitler

60,000,000 civilians & solders died fighting Hitler/Germany in World War II; that's 3% of the entire world's population. More than 6,000,000 were slaughtered by the Germans.

Now, go find out how many Stalin slaughtered.
