

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Well, ladies and gentlemen, Xi (Number 11) says they are preparing for war with America... and now Putin says Americans, you are going to need your guns! I don't know about you, but that says we are soon to be attacked! Putin has moved battle-field nukes into Belarus! It's interesting, with every war new techniques for killing show up.. Now we have made it all the way to nukes. Taiwan is fortifying. God knows what the Japanese have up their sleeves; they have been the enemy of China for centuries. There were all kinds of indications of attack by the Japanese (Pearl Harbor) and then it happened.

I'm sure someone in the Pentagon has some idea of what is coming, but, personally speaking, I have taken Putin's suggestion and have been armed for a long time. I know retired officers who, unlike General Silly Milley, have been in close combat with real soldiers of our enemies, and are never farther than a few feet from a firearm! That is part of PTSD. I'll guarantee that Schwartzkopf always had a pistol near, if not on his person! Remember Schwartzkopf? We need generals like him.

So, here we are, Genghis Khan on one side and Ivan the Terrible on the other... with the evil and the darkness from Tehran now aligned with the Saudis, who will stab anyone, anyplace in the back for their own profit. They just announced they are reducing oil production by more than 110 million barrels a day, so... say hello to gas priers going for a ride with our new moon crew... to the moon and beyond.

And just remember those people do not believe in the Geneva Convention, so when we fight them, why should we? I have absolutely no confidence in Silly Milley! And I am so glad my two veteran sons (and, hopefully, your veteran sons) will never have to serve under this new "John Kerry!"

Time for this Reb to ride to the armory and stock up!!!

"After Rhea saw that huge bone, she informed me that if I brought home a chicken that big home, I would be the one to pluck it, Corporal."

"Well, don't ask me to help, Captain! That geologist guy is back out there with help, digging around!"

"Let him; the cows will just graze around them."

"I was told that half a dozen Kiowas set a ways off the other day. One of them decided to get closer and see what they were doing. That Kiowa brave got off his horse and walked over and looked at the bones dug up. that geologist fella showed him a picture in a book. That brave shook his head, looking a little confused, then rode back to his friends. After some discussion, they rode off kinda slow, looking back over their shoulders from time to time."

"That is hilarious, Corporal!!"

See you on the bridge!

P.S. All this democrap about Trump and paid for Bragg crap, by Soros, is more treason and more usurpation of our rights and Constitution.

As far as actor Will Smith is concerned, he says all conservatives should be exterminated! Well, Will, you have officially earned your Nazi swastika and your official place on our list of "never gonna watch." So,

Willy come and get me you big-mouthed fascist!! You haven't got the balls! I had a couple of your movies. They suddenly became targets for my .30-06, my .45, my shotguns and various other toys at my disposal.... And, yes, I did shoot that green shit at your image!! You forget where your money came from, Willy!! While you're at it, Willy, don't forget the jews, Gypsies, Poles, Serbs, Croats, etc.!! "Oh, yea!" Will, how about Native Americans? "A, Willy???"

Alas, poor Will Smith. We knew him well!

P.S.P.S. Meanwhile, in Minneapolis... democrap have shipped huge numbers of Muslims there. Result? The Minneapolis City Council voted unanimously to amend the city's noise ordinance to allow city wide broadcast, on loud speakers, of the Muslim call to prayer. 5 times a day, including very early morning and late in the evening. All done during the holy Muslim month of Ramadan. 13 members of the council identify as Muslim. The decision drew "no organized community opposition." I choose to remain dubious about that, but here we are. Buckle up, patriots.
