## GOVERNMENT ANTAGONIST AND HUGUENOT

Ghost guns! Is that anything like “ghost government” (since we have no legal government in our country)? According to Zelensky, Bite-me may come out of the war in the Ukraine as the world’s greatest leader in all of history! What a load of buffalo chips! “Ole Joe” can’t find the johnny on the spot without help.

I can see it now. The great and powerful Oz replaced by Joe Bite-me (pay no attention to the man behind the curtain) and the New World Order rules all! The lolly-pop guild will be disbanded because they aided and abetted Dorothy, who will be hunted

down for the death of the Wicked Witch! Of course, once arrested, she will be found in her cell unresponsive after a glitch in her cell surveillance camera! The Tin Man will be turned into scrap; the Scare Crow will be fed to a horse and the Cowardly Lion sold to a zoo in Kenya! And poor Toto put in a new meg movie... he doesn’t survive! They used real sharks! The flying monkeys are genetically altered to be flying combat guerillas! The dead wicked witch’s sister is placed on the castle throne, once occupied by her late sister. The good witch and her sister change their identities and masquerade as cocktail waitresses in the Bahamas.

Isn’t it incredible what a bunch of traitors and liars will do to cover up their crimes? Which includes creating a war to cover up Hunter and Joe’s money schemes (involving the entire democrap party, as well as cowardly and collusive republicrats who have turned their back on their duty to us—those who elected them!).

James Lankford is a prime example (see March 11, 2022 issue!)

Time for this old Reb to ride!

“The boys found a man’s body in the fire area. He was in bad shape, Captain! When they turned him over, they found he had been shot!”

“It wasn’t the fire that killed him!..”

“There’s more, Captain! He was a Texas Ranger! It seems we’ve got a murder mystery, ‘A,’ Mr. Harris?”

“Aye, a mystery!”

See you on the bridge!

P.S. I once endorsed James Lankford, because we wanted him to go to D.C. to back Trump. Instead, he took the bait and helped

**Who’s behind the proverbial curtain? Some say George Soros. Some say the Rothchilds. It’s Not Joe Biden.**

the democraps and Mitch “the Turtle” McConnell on their quest for power! Good going, James! He has yellow hair. I wonder if the color yellow goes all the way down his spine to the floor. He needs to come home! Mullins needs to go back to plumbing!

P.S.P.S. So, in November 2020 the price of gas was less than \$2 a gallon across the nation. We had the lowest unemployment rate in history. There were peace agreements across the Middle East. Life was good.

Then, suddenly, from out of no where, election systems in multiple states shut down on election night and re-set the results. Convenient “drop boxes” became dumping sights for piles of mail in ballots. Was this election stolen? If you don’t think so, then you need to do research and do it well. Because it’s true.

Now our own government is out to destroy our country and our lives. There’s a serious diesel gas shortage coming. Suddenly millions of chickens at places all over the country died (very convenient!)... so there’s a chicken and egg shortage coming. They’re messing with the wheat production. They’re messing with fertilizers that farmers use to grow healthy crops. They’re messing with the supply chain. This is all taking place under an illegitimate, unelected government and everyone in D.C. knows it.

Damn them all. Right now, everyone in D.C. has sold their soul.
