

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Interesting, ladies and gentlemen! The Chi-coms have now opened their very own police station in New York. The Muslims have taken control of the Minneapolis city council and are changing laws to permit them to blast calls to prayer five stink-in' times a day, all across the city!

I thought that we were a sovereign nation. Yet, our so-called leaders look the other way, just like our border, by which their infiltration is at it's height! We have absolutely no idea who or what that dementia fool and the rest of the fools (who are his keepers) have let in our country.

I am no longer flabbergasted or enraged. I have armed myself. I will not be their victim. In reality, I am not able to run. I will have to stand my ground; I have no choice. I will not be dragged into a re-education facility to never return. And that is exactly what Joe Bite-me has in store for all of "We the Conservatives!" Remember, the Chi-coms don't believe in God or the Geneva Convention, neither do the Saudi's and Iranians, who have joined them (of course the January 6th prisoners are proof that democraps don't either).

Now we are finding that the Biden family is engaged in human trafficking—slavery—through Hunter and his siblings. My god! Do we have to arm our children to keep them from these monsters? Once again, Americans are being abandoned, this time in the Sudan. And they are trying to abandon America, after they rape the hell out of it!!! All I can say is, this is not the American way!!!

What do you think?

Time for this old Reb to ride.

"Captain! Captain! We've got rustlers!"

"Say again, Corporal? Slow down!"

"We are missing about a hundred head. They shot Mr. Colby dead and the boy and his horse are missing!"

"Tell everyone to saddle up! Mr. Harris, ride to the Bar-T; bring

the vaquero to track. Send someone for the rangers!"

"Aye, Captain! I'm on my way!"

"Find the Colby boy!"

"Breaks your heart, Captain! They just bought a small place of their own with the race money!"

"We have to find him, Corporal!"

See you on the bridge!

P.S. Stranded in the Sudan—16,000 Americans left to fend for themselves by "good ole Uncle Joe." and now he wants to be re-elected? I already feel left behind, how about you, ladies and gentlemen?

THERE ARE TWO REASONS I DON'T USUALLY FIT IN.

**1. I THINK FOR MYSELF.
2. I DON'T CARE WHAT OTHERS THINK ABOUT ME.**

As far as I am concerned, "Ole Joe" comes as close as it gets to being, maybe, the antichrist all the religions of Christianity have been waiting for! "A?" A deceiver, a usurper... you know. In the day of Teddy Roosevelt a Moroccan desert pirate kidnapped the wife and children of the American ambassador. Teddy parked warships in the harbor and put the local ruler under arrest in his own home... under U.S. Marine guard, who killed his personal guard dead! The bandit was forced to give them up without collecting any ransom. It's called "walk softly and carry a big stick." Instead,

"Ole Joe" rides his trike and carries a gallon of ice cream!!!

P.S.P.S. Americans who are fed up with all this garbage from the left are making their voices heard with their money. It's amazing to watch. Bed Bath & Beyond is filing bankruptcy after dumping My Pillow and making it well known because of the owner's politics. Budweiser and Anheuser-Busch brands of beer are off the list of what Americans are drinking because they decided that a man can be a woman. We disagree. Fox News, once the home of "we report, you decide" has gone full blown woke. They fired Tucker Carlson, who, literally, had the top rated internet news out of ALL internet news. Millions of listeners. Many millions. Well, Fox market value tanked by \$1,000,000,000—that's right, a billion dollars—in ONE day. And Maybelline just joined them.

Meanwhile, everyone's getting out their nukes. Buckle up.
