## GOVERNMENT ANTAGONIST AND HUGUENOT

Old Joe bite-me does it again by draining our emergency fuel reserves and sending them to Europe. Brace yourselves: the worst is yet to come! Fuel shortages compute to shortages of everything. Remember lines at gas stations, the fights?? The chaos? Well, it is starting. Look at your grocery shelves the next time you go shopping. The signs are already here.

The lying thieves don't give a rat's arse if we, the American people, starve or go broke, and if you think your "woke," how will you feel when you are in poverty? You know, "go woke, go broke!"

While "Mr. Dementia" has his lobster jubilee, we will be fighting over cans of spam. This is what the democraps have had in mind all along. They started a war in the Ukraine to hide Joe and Hunter's crimes... which all lead to the top of the democrap party.

So, here we are, being threatened with a nuclear war! We have been living on borrowed nuclear time. I remember the Cuban Missile Crisis. Everyone was glued to the news, chewing their nails! To be sure, Khrushchev is no Putin, and Putin, unlike Khrushchev, might actually pull the nuke trigger. If one launch happens, everyone who has nukes will launch, world wide, in retaliation. If you can't get underground deep enough, say hello to a whole new dimension!

Now Bite-me and the rest of the "Hole in the Wall" gang will head underground. But think about the only ones to ever see the sky again will be Bite-me's future ancestors, let's say at least five thousand years into the future!! So, who do you think will eat who? The Morlocks eat the Eloi, or will it be the Eloi who snack down on the Morlocks? Only time will tell who makes the right choice and who will become the fools!!! By the way, it's the beta radiation that kills you, not the alpha!!!!

Time for this old Reb to ride..

"Rangers are here, Captain! They came for their friend and they say that he was headed here... looking for a man, Captain."

"Mr. Harris, do we have a man working here with a .41 caliber rifle?"

"I think maybe at least three, besides yours, Captain. They say he has a trail of dead and assaulted women! Five that we know of, all the way from New Orleans to Fort Worth, Captain!"

"My name is Jackson King. I'm in charge of these men!"

"Good to meet you!"

"So, Captain, where might we find those three men?"

"Well, two are across the river with the herd!@ the other, I[m not real sure!"

""Mr. Harris, get our horses and we'll go and find out!"

"Aye, Captain!"

### Our own government

**Spies on us, tries to force medical procedures on us, opens our borders to human trafficking and drug cartels, destroys a once healthy economy, and tries to cancel local police.**

### Who's the enemy?

See you on the bridge!

P.S. I have plowed through all the old maps and information I have at my disposal, which is considerable. In all of this information, Kiev is spelled just so everywhere, except by our illiterate media. It's not Kiiv. It's not Kyiv. It's not Keev. It's Kiev!" If you don't believe me, look it up! Any respectable world map you can find! It's been spelled that way since before Peter the

Great! And the media shows their ignorance again! They can't spell; they can't tell the truth! What we do get is Bite-me and the "Hole in the Wall" gang dragging us into world War III, to cover up their democrap!!!!

P.S.P.S. So Elon Musk buys Twitter. The left has a major melt down and suddenly the Department of Homeland Security has created the "Disinformation Governance Board." The new board is run by Nina Jankowicz, who openly criticizes First Amendment rights, "shudder to think about if free speech absolutists were taking over more platforms." Lorie Ries, former Homeland Security deputy chief said, that this "is not remotely the mission of the Department of Homeland Security." Meanwhile, Missouri Attorney General Eric Schmitt (R) called it "the ministry of truth" and said "I'm going to let a cat out of the bag - you're about to get a lesson in federalism because the free state of Missouri will NEVER let you administer a federal Ministry of Truth. Buckle up!" Things are about to get real.
