

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Define thief! Define Saboteur, Define usurper! Define tyrant! All fit the description of Obama and his lackeys. All criminals! All guilty! And now a new Waco or Ruby ridge in the process in Arizona, as another American is assaulted by an illegal government action! How many more Waco's are we going to turn our heads from, and say nothing, do nothing? They already have snipers waiting around the rancher's place for another government victim.

I have said it many times. Enough! We no longer have a government of the people, for the people, by the people! We have a government of the Usurper, by the Tyrant, for the Dictator! Our legal system no longer believes in justice for the people... it now stands for the complete capitulation of the power of the people, who have empowered it to serve the needs of the citizens of this country.

Our Supreme Court justices are totally involved in the sabotage of our entire country's sovereignty and our legal system, in order to accommodate our new King's wishes! Not to mention, this moron is now poking the bear with a smaller and smaller stick, while the bear becomes more and more irritated at the tauntings of an imbecilic knowing Obama, his arrogant but incompetent John Scary Kerry and his mister-foot-in-his-mouth Joe Bite-me, giving up

everything in the Ukraine for the sake of political correctness!

From what I can gather, the government has backed down in Arizona some, because Militia friends came to the aid of an American rancher who was being illegally assaulted by Harry Reid (because *he* made a deal with the Chinese, for them to drill our oil and gas on the 800,000 acre piece of government property in question. Harry back-shooter Reid stands to make millions in ill gotten booty from the Chinese for selling us out.

A word comes to mind that utterly describes Harry and that word is "Traitor."

Well, time to ride. There's a couple of hundred Habeas Corpus suspending Yankee saboteurs across the field. We're going to reinstate in the morning with a river of blood!

See you on the bridge!

P.S. If treasonous bastards like Reid sit in our capitol and dictate to us how it is going to be, then it's way past time for a hanging! Like I've said before, I'll be more than happy to supply the rope. Nice thing about a good rope, you can use it over and over again.

P.S.P.S. Who's afraid of the big bad traitor? He'll huff and puff and blow your country down.

On Congressional Term Limits: "My reason for fixing them in office for a term of years, rather than for life, was that they might have an idea that they were at a certain period to return into the mass of the people and become the governed instead of the governors which might still keep alive that regard to the public good that otherwise they might perhaps be induced by their independence to forget." Thomas Jefferson

On Understanding History: "The most effectual means of preventing [the perversion of power into tyranny are] to illuminate, as far as practicable, the minds of the people at large, and more especially to give them knowledge of those facts which history exhibits, that possessed thereby of the experience of other ages and countries, they may be enabled to know ambition under all its shapes, and prompt to exert their natural powers to defeat its purposes." Thomas Jefferson: Diffusion of Knowledge Bill, 1779. FE 2:221, Papers 2:526

On the Power of Government: "Before a standing army can rule, the people must be disarmed; as they are in almost every kingdom of Europe. The supreme power in America cannot enforce unjust laws by the sword; because the whole body of the people are armed, and constitute a force superior to any band of regular troops that can be, on any pretense, raised in the United States." Noah Webster, An Examination into the Leading Principles of the Federal Constitution, 1787
