

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGENOT

It doesn't matter? It doesn't matter? Our American children dead in their graves after Benghazi and "it doesn't matter," according to Hillary Dillary dock Clinton, and she wants to be President and leader of the free world. Words out of her own mouth. The deaths of Americans here, there, or anywhere do not matter and are not to be concerned with.

The issue is not her utter incompetence or the fact that all she gives a damn about is power at anyone's expense. Don't believe me? Let's ask Vince Foster. She gave the order and he ended up mysteriously dead on a park bench in D.C.... And unauthorized U.S. secret documents ended up in her possession. This woman is a traveling plague. Hillary and Obama, the whole bunch are, as I have said, criminals of the highest order—that believe that they can't be touched, by anything or person on the planet and will never pay for what they have done or will do! Does your child matter to you? Not to Hillary. Your child is nothing but a means to the end for her bottomless hunger for more power. Cover up? You bet! Rice insulted Libya's president. Obama ignores it all! And Hillary! Well, let me put it this way: she knew! Obama is in charge and knew!

So, what's wrong with this picture? We, the citizens of this country, are expendable for their power quest. Like this Old Reb has said time and time again: they are all guilty. Guilty up to their necks of murder, accessories to murder, complicity to murder, subversion of our Constitution. Embezzle-

ment of the wealth of the American people for their own personal purposes. The only way this will stop is if we, the people, go to D.C. and hang these horse thieves and liars. I'm ready. I said I would pay for the rope.

These are the times that try men's souls. The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of their country; but he that stands it now, deserves the love and thanks of man and woman. tyranny, like hell, is not easily conquered: yet we have this consolation with us, that the harder the conflict, the more glorious the triumph. What we obtain too cheap, we esteem too lightly: it is dearness only that gives everything its value. Heaven knows how to put a proper price upon its goods: and it would be strange indeed if so celestial an article as freedom should not be highly rated.

- Thomas Paine

~~~~~

To compel a man to furnish funds for the propagation of ideas he disbelieves and abhors is sinful and tyrannical

- Thomas Jefferson

~~~~~

The principle of spending money to be paid out by posterity, under the name of funding, is but swindling futurity on a large scale.

- Thomas Jefferson

You know the problem with hearings in Congress, don't you? the hearings are all conducted by the guilty. This is the reason liars—I mean lawyers—should never be tried in a court controlled by the Bar Association. We need a civilian court to try politicians and attorneys, separate from the so-called judicial system.

How many more of our sons and daughters will die while these conniving liars and thieves and murderers continue on their political ways, leaving our flag burning on the ground and our children moldering in their graves behind them?

Cry foul, for havoc is their game and the death of America their aim!

Time to ride! The Old Reb is going to a duel. The General said, if I win he'll bust me back to Lieutenant. He also said if the lawyer wins, he'd hang the lawyer! Half past six I'll shoot out his left eye and he'll spend the rest of the day looking up at nothing with the other!

See you on the bridge!

P.S. It matters!!!

P.S.P.S. IT MATTERS!!!!!! Damn you! You murdering power slut!! Damn your black soul to oblivion.
