

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Teachers are back. They got raises but Dr. Tom Coburn, ex-collaborating Senator, has thrown a monkey wrench in their motor. So, what do you think? I think there will be more teacher strikes, "A?"

No matter what, our children will be dumber and dumber. No history, no geography, limited math skills, indoctrinated!

Dr. Tom Coburn has been part of the problem, not the solution. I once said—Dr. heal thyself! His problem is, I believe, megalomania with a touch of self benevolence. He should be happy with the damage he did in D. C. kissing Obama-pie's crust. Just think, Dr. tom and Bill Richards running our state... two superb comen at the wheel of our state.

What a nightmare that would be. Dr. Tom wouldn't be doing this if he didn't

feel forgotten and in need of being back in front of the news cameras. You don't think the doc has been in his lab secretly experimenting with the reanimation of dead tissue? Any graves been robbed lately? Maybe he can reanimate an education system that actually prepares our children for college, instead of flipping burgers for McDonalds, "A?" I'll bet his

"chitlens" got excellent educations!!!

Time for this old Reb to ride. A couple of the new hands we hired for the drive got into an argument over who started the war. One burned through the heart with a branding iron,

the other shot dead through the liver. Both from Missouri. One north of the Mason-Dixon line, the other from the south of the Mason-Dixon. Forever locked in blood and death all the way into eternity.

I'll be glad to get this herd on the move!

See you on the bridge!

P.S. More Democrap crap... who cares if the Trump had a past thing with a porn star. The Democraps haven't got a problem with Willie Billy the pedophile in the Oval office, or a corrupt Hillary-Dillary-Doc or a rapist by the name of Al Gore. So, why does this bother them after all? They love Charlie Sheen and his threesome, and

take his money.

P.S.P.S. To the Cherokees: Gist is about to take down the name of Stand Watie What do you say to that? What say you?

What was Cherokee Confederate Brigadier General Stand Watie fighting for in the War of the Secession?

October 28, 1861

Declaration by the People of the Cherokee Nation of the Causes Which Have Impelled them to Unite their Fortunes With Those of the Confederate State of America (10th paragraph)

"The humanities of war, which even barbarians respect, were no longer thought worthy to be observed. Foreign mercenaries and the scum of the cities and the inmates of prisons were enlisted and organized into brigades and sent into Southern States to aid in subjugating a people struggling for freedom, to burn, to plunder, and to commit the basest of outrages on the women; while the heels of armed tyranny trod upon the necks of Maryland and Missouri, and men of the highest character and position were incarcerated upon suspicion without process of law, in jails, forts, and prison ships, and even women were imprisoned by the arbitrary order of a President and Cabinet Ministers; while the press ceased to be free, and the publication of newspapers was suspended and their issues seized and destroyed; the officers and men taken prisoners in the battles were allowed to remain in captivity by the refusal of the Government to consent to an exchange of prisoners; as they had left their dead on more than one field of battle that had witnessed their defeat, to be buried and their wounded to be cared for by southern hands."

He was fighting because home called.

What would you do if home called you to defend it?
