

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Great galloping camels! They are opening a new bureau of propaganda to ensure the truth (aka “disinformation”) is eliminated from sight and sound. In other words, I, the Old Reb, will be scrutinized. Well, I consider it a privilege! If they read it, my readership will go up! Which... doesn’t that defeat their purpose?

Censorship is next, that’s the main goal—to shut us up. Not to mention the formation of a new office of climate control! The democrap comedy team is totally hilarious! When this old Reb started my first year in college, I was a forestry major. The first thing you learn is that we, as humans, haven’t got a chance; all we can do is take cover or run! Unless the democrap have come up with a monstrous machine that will control everything the earth does! Suggested material to watch is “The Forbidden Planet.” I reference this movie on occasion! Ever tried to stop a tectonic plate from moving? That’s the problem with democrap... they think they can undo what the almighty has put into motion! You see, they still believe in magic!

I can see bite-me in his sorcerer’s hat, with his magic staff standing on the top of the highest mountain in the Himalayas doing battle with the peaks. Throwing lightening bolts everywhere! I also have explained “ecological progression” on several occasions! This is the actual definition of what goes on with good old Terra Firma! Check it out! There is a reason they called the Mississippi River “Old Man Time!” We keep trying and the Old Man does what the hell he wants to!

Time for this old Reb to ride!

“Any of our hands missing, Corporal?”

“Just one unaccounted for.”

“Who?”

“Said his name was John Watts! We hired him on about two weeks back.”

“I remember him, Captain!”

“A, Mr. Harris?”

“He carries a Spencer rifle. It’s a .41 cal! We haven’t seen him since the fire and rain!”

“We’ll split up and some go west; we will go north. Little Bob and some of our hands will go northeast!”

“Aye, Captain!”

“We should leave a couple of hands behind.”

“I agree, Mr. Harris. We’ll leave the Colby’s! Time to go!

See you on the bridge!

P.S. Wouldn’t it be nice if whoever starts a war had to pay for it

themselves?! Bite-me and Hunter, along with Pelosi, Romney and Soros took millions out of the Ukraine, not to mention their oil deals with the very people now attacking the Ukraine. They are the ones responsible for all this, just to cover up their contentious, continuous criminal activities.

At the same time, old Joe wants us to give another fifty three billion dollars, out of

our pockets! You wouldn’t expect Al Capone to pay for all his crimes out of his own pocket! How about “We the people” send the bill to the democrap party and make them pay!!!! “A?” Eighty three thousand dollars a week and an investment in the Chinese lithium trade would buy a lot of bullets!

P.S.P.S. 26 state governors have signed on to create the “Border Strike Force” in order to address the Mexican drug/trafficking cartels and the massive number of illegals crossing our southern border. “President Biden has failed to secure the border.” said South Dakota Governor Kristi Noem, a member of the strike force. Americans have been searching for leadership in this fight for our country’s future. We have our leadership in 26 states. All Texas and the other states have to do is to declare “INVASION” to enact Constitutional war powers to the states involved. We must all contact our governors offices and let them know that we support this action and stop the destruction of America. There is no other choice than to stand together in this fight.

**“THE DUTY OF
A TRUE PATRIOT
IS TO PROTECT
HIS COUNTRY
FROM IT’S
GOVERNMENT.”**

Thomas Paine
