

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

One bunker buster and we and NATO, along with the Ukrainians, lose a bunch of generals! Well, ladies, do you know where your military children are? The trigger has been pulled and Putin did it! And Joe Bite-me started it! Our children all over the world will soon be in harms way, by design, to protect Hunter and the rest from being arrested for their dealings with the Russian oil interests (while also having their hands out to the Chinese, selling us out!)

And now we have to prepare ourselves for all out conflict, so they can get off the hook. This regime left America behind the day they set their arses down in the White House. It was no different with Obama-pie. These people intend to run and desert their posts. The democraps have been leaving people behind since Jimmy the peanut and before! Remember the Delta Force?

I haven't yet seen a really responsible leader from the democraps party who has the country first and theft second! Trump put us on the right track, but the democommies went berserk because we were getting some of our money back from their crap shoot operation.

I now equate the so-called leadership to mobsters. If you complain, you could suddenly, without notice, disappear into their Quantico gulag, as has happened to several of our citizens over the January 6th event (my birthday!). I call them my brothers!

All signs point to a Taiwan invasion any time and "good Ole Joe" will abandon it, just like he has his duty as so-called president (of what, exactly? I'll have to get back to you on that).

Time for this old Reb to ride!

"Captain! Big Bob found the Colby boy! Said to tell you he is ok, except pretty down about his father!"

"Thanks, Corporal. The vaquero said there was about fifteen of them, maybe more. They split the herd into three groups to make them harder to catch."

"The boy said he thinks he had seen a couple of them at the blacksmith shop in town, talking to a well dressed dude!"

"What do you think, Mr. Harris?"

"Well, Captain, worth checking out!"

"Meanwhile, we'll keep trying to track them."

"Aye, Captain!"

See you on the bridge!

P.S. The Bidens are up to their necks in criminal activities. They have been overseeing multiple shell corporations, by which they have been laundering their corrupt, illegal payments from the Chinese, Russians, Ukrainians...

They say thirteen Bidens are in on it. These terrorists have been doing this since "Ole Joe" first got into illegal politics!

And Trump is on the hot seat?

This, ladies and gentlemen, is true corruption and nothing less!!

P.S.P.S. The Constitution's Article IV, Section 4 states, "The United States shall guarantee every State in this Union a Republican form of Government, and shall protect each of them against Invasion..." Another point is that it is against the law to aid and abet any criminal in the act of any crime. Crossing the border without permission violates our laws. And the Biden administration is going to allow the release of millions and millions more illegal aliens into the U.S. with absolutely no intention of tracking them. This is a direct violation of law and aiding and abetting. Yet, here we are. Since Biden took office an estimated 6.5 MILLION illegals have flooded across our borders, both north and south. Apparently, that number is nothing compared to what's getting ready to happen.

How does Congress address this issue, you ask? By talking... blah blah blah. By passing resolutions (meaningless blah blah on paper). By passing legislation that will go nowhere, which is useless blah blah. By "grilling" people with their committee hearings, which is nothing but loud blah blah. There are now more than 30-40 MILLION illegals here and by the time this new flood gets in, there will be more than 50 MILLION. This is purposeful. Get ready to fight for your property, and your life. Buckle up.
