

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Senator Connie Johnson, go screw yourself. That scum Lockett died hard and got what he deserved. It's too bad that the warden stopped short and didn't drag that other piece of crap out and give him the same!

Screw it if they suffer! Screw it!!!

The Senator thinks it was cruel and unusual to let that scum suffer. So what! Think about what he did and the fourteen years it took to give him his ride straight to Hades! They should suffer. They should suffer what they did to their victims... and maybe that's not enough! The punishment should fit the crime.

You know, if expediency is an issue in getting the job done and efficient killing without suffering, then let the dog pound do it... they euthanize more life than the gas chambers of the Third Reich. Then again, I've said I'd supply the bullet, which would be all the above efficient, expedient, and painless! One shot in the bread pan and viola, no muss, no fuss and no more scumbag murderer!

So, what do you figure? One .45 caliber round at maybe 75¢, as opposed to the thousands the state spends on their miracle chems, which the people of Oklahoma ultimately pay for! As far as their mothers are concerned, well, they should have done a better job teaching them to be humans instead of the monsters they became. And do the dear moms of other gangbang little monsters... I say, the shame is on you! Maybe the best thing is a remedy of old, slitting their little throats in the middle of the

night as they sleep! Sometimes sacrifices must be made to save the rest of us from what they would otherwise do!

Time to ride. This old Reb is O.D. and we're crossing the river tonight ... got a lot to do. How do you get twenty thousand soldiers to be quiet?

See you on the bridge!

P.S. As far as this old Reb is concerned, Lockett didn't die hard enough! The penalty for what he and his partner and others like them do should be so horrible as just the mention of the likelihood of it happening to anyone should make little turds like them pee in their pants... and cause them to run the other way! Also, sentencing that is carried out within twenty four hours, then get rid of all the scum sucking lie-yers by keeping them from collecting one damn dime. Then, we can clean up the mess left to us by the lie-yers! No more fourteen, fifteen years sitting and waiting for it . I say, take 'em outside and do them in!!

P.S.P.S. Just think, over seven thousand gangsters in Tulsa alone, so add that number to those in OKC and Lawton... that's close to twenty thousand little

monsters praying on us each and every day. We don't need more prisons and lawyers to fill them up for us at the cost of hundreds of millions each year—and that's just in Oklahoma. We need a new Judge Parker to judge them, then hang them until we can't find another!!

Clayton Lockett was convicted of murder. He and his cohorts assaulted, beat, and then raped Stephanie Nieman, then they shot her and buried her alive as she gasped for air. The grave was so shallow her toes were sticking up out of the ground.

What did Oklahoma tax payers spend on Clayton Lockett?

According to the Oklahoma Dept. of Corrections website, it costs over \$27,000 per year to give free room and board to a murderer while he waits for his sentence to be carried out.

Lockett was a maximum security inmate - it took 14 years to get to the actual sentence to be carried out.

That's room and board totaling \$415,388.25
Plus "unfettered access to healthcare"
Plus Lockett's transportation during the trials

So... Lockett commits the crime in 1999. His attorney spends 14 years working on his case, and Lockett is executed. 14 years of torture and sorrow for Stephanie Nieman's family. 14 years of \$\$ for the attorney. What is this appeals process really for?

The Attorney!!
How much did he make?
