

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Well, there is a god after all. Cruz and Kasich have finally seen the light and given up. Praise the Lord and pass the ammunition. Now all attentions can turn toward Hillary-Dillary-dock and kicking her criminal butt, then sending her and her confederates to the big house.. Then throw away the stinking key!!

Trump is a tough business man and I believe he has the where-with-all to make us solvent as a nation again. I say, "Yes, build a wall on the border and make the Mexicans pay for it." They have been assaulting this country enough. Time to pay up! Tell Castro to go fish! Then, repair our relations with our allies! If Hillary gets elected, we are cooked as a nation. After all, she and Willie-Billie have been selling us out for a long time. Why not finish the job? I'm tired of the Democrap. I'm tired of the usurper, Obama. I'm tired of going backwards. I want my constitution and our laws respected, and upheld, no matter what the title of the traitors who wish to rule over us.

I am a free patriot and for the Republic, as set forth by our founders... and I will have no less. We must stand strong and send a message to Hillary—You are a criminal and we, the people, will prosecute!!!

Time for the old Reb to ride. Headed for Fort Worth...

Entering Texas, it seems we came upon a Texas form of prairie justice. A couple of cowboys rode towards us and "informed" us that they were teaching a couple of horse thieves a lesson, and if we did not want to be added to the tree's decorations, then we should continue on our way. Discretion seemed to be the better part of valor and we turned to quietly put distance between us

and a couple dozen Texas cowboys.

See you on the bridge!

P.S. Isn't it interesting? Bernie Sanders initials are "B.S." Just like the commie he is... full of "BS!"

P.S.P.S. Did you know previous to the War of the Secession there were thousands of black slave owners? Not to mention, the first owner of black slaves

The first legal slave owner in American history was a black tobacco farmer name Anthony Johnson.

North Carolina's largest slave holder in 1860 was a black plantation owner named William Ellison.

American Indians owned thousands of black slaves.

In 1830 there were 3,775 free black people who owned 12,740 black slaves.

Many black slaves were allowed to hold jobs, own businesses, and own real estate.

Brutal black-on-black slavery was common in Africa for thousands of years.

Most slaves brought to America from Africa were purchased from black slave owners.
