

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Well, the Ruskies are still eating someone's homework, according to the Democraps... and the Republicans are still kissing their arses! I thought when "we the people" elected Trump to the Presidency we were sending a concise and clear message to the Congress—we wanted things straightened out, the wall built and Hillary in jail. But it seems they weren't listening. Here we are with Lindsey Graham and "what's going on" McCain still playing the same old games.

Well, consolation prize is Comey being fired. That guy was derelict in his office and aided and abetted Hillary and Obama in their lawless exhibition during the election and even up to now, continuing to protect those criminals of criminals while they continued to defile our constitution and rights. Even Mr. Lankford doesn't get it. He's taking our money and hanging out with the problem.

I suggest you call these people and remind them why they got elected. That is... stop the crap and do your jobs or come home!!

Time to ride.

I think the Kiowas are going to burn us out, corporal. "I think you're right, captain; they set the roof to burning. Come on, we're getting out of here captain!"

"How will we do that, corporal?"

"While working around here, recuperating, I found something interesting. The previous owners dug an escape tunnel. Comes up in the barn!"

"Bly-me, I'm ready! Mr. Harris, you go first, then cover us when you get there! See you boys on the other side!!"

"I feel like a bloody rabbit, captain!"

"You're gonna be a cooked one if you don't get down that hole!" The Bobs and some Bar-T boys are coming up the road raising hell.

See you on the bridge!

P.S. Al Sharpton, the "kill white people" preacher is back. Here to interfere and cause trouble any way he can. Another rally for a criminal who got himself killed out of pure stupidity while on drugs. I'm tired of being assaulted because I am white. I say Al is nothing but a hate monger and

a criminal himself. When are you going to pay up your taxes, Al?

P.S.P.S. I hope you have a good underground shelter. With that little North Korean tossing missiles around... sooner or later he is going to get lucky. Back to the Cold War, "A?"

*"Make yourselves sheep
and
the wolves will eat you."*
