

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGENOT

The government is too big to handle, and it's not possible to know what everyone is doing, so you can't blame me, says Obama! Excuse me! But it is his job to know what's going on! He's the "Freaking President," or so he claims. Well, when you're on a two week vacation on the American dime every two weeks, what the hell would he know, he's never at work anyway.

I've never seen so much corrupt governmental racketeering ever before. One incompetence after another, never ending lies and deceit! The Benghazi thing is getting bigger by the day. The Democrats have even gone so far as to, as they say in Chicago, put the witness on ice so they can't testify to all of the regime's cover up!

The only thing missing here, I think, is Al Capone himself. Buying people off, passing the buck, threatening witnesses. Not to mention the use of the I.R. S. for the purpose of political attacks on opposition party members, while completely washing clean the two and a half years of an illegal contribution con game, perpetrated by Obama's own half brother. Eric Holder himself, up to his proverbial neck in every criminal act this Obama-pie dictatorship has incurred upon the Constitution and America herself.

Obama keeps reminding us of the Chicago way. Yep! If Al could see it now, he would be proud! I've had enough of what is called politics. In other words, it is ok to lie, to steal from, and leave Americans to their death at the hands of our enemies, as long as it does not interfere with life long ap-

pointments, power and position! Remember the story of Saul? A messenger from the Almighty tells him if he can find ten righteous men, the hand of the creator will be stayed.

Where are those men when you need them? And, if there

were ever a need, it is now. This government is in need of clean up from top to bottom. Starting at the executive branch. The face of tyranny looks down upon us from the White House and takes no blame for what it does, since selfish narcissism is his only motivation.

After all, geniuses can't be bothered with the little stuff, there is a larger picture that we little people just can't see!

Well, time to ride. If you remember, the Reb was on his way to a duel in the last issue. Well, I shot that lawyer dead and the General promoted me. It seems the guy was a collaborator spy. The General hanged him anyway, even though he was already dead!

See you on the bridge!

P.S. You know, we sometimes forget that these people have an army with automatic weapons, drones and their fingers on the "Nuke" buttons!

P.S.P.S. It was Democrats who interned legal Americans, waged war on the indigenous population to the point of almost extinction, the creation of the K.K.K. and the Jim Crow laws, then dropped the Atomic bombs on the Japanese! They also burned the Branch Dividians to death (Waco, TX 1993) and imposed Martial Law on Boston!!!!

"When one with honeyed words but evil mind persuades the mob, great woes befall the state."

~ Euripides

"Tyrants have always some slight shade of virtue; they support the laws before destroying them."

~ Voltaire

"A fondness for power is implanted, in most men, and it is natural to abuse it, when acquired."

~ Alexander Hamilton, 1775

"All tyranny needs to gain a foothold is for the people of good conscience to remain silent."

~ Thomas Jefferson

"What's frustrated people is that I have not been able to force Congress to implement every aspect of what I said in 2008. Well, you know, it turns out that our Founders designed a system that makes it more difficult to bring about change than I would like sometimes.

But what we have been able to do is move in the right direction, and what I'm just gonna keep on doing is plodding away, very persistent."

~ President Barack Obama 2/6/12
