

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGENOT

Kathy Taylor needs your vote, so she can finish the damage she started the first time she was in office. Just another rich Lieyer, I mean Lawyer, who hasn't got a clue to what we need or even has the talent to make it happen. Don't believe me? Ask the Bells (Bells Amusement Park).

She thinks she knows how to get rid of gangs. So, she's going to run around Tulsa giving them all "time out!" Is that it? Because there is only one way to eliminate gangs and that is by killing them out to the last banger. Until you can't find anyone who even wants to be one. I, the Rebel, know what to do. It's called off season tree decoration. She would say we have to be careful not to step on the rights of those poor little misdirected and under privileged individuals. Not to mention the wallets of the "Lieyers," I mean Lawyers, who might miss out on the millions of your dollars.

Personally, I have had enough of "Lieyers," I mean Lawyers in any government position. Ask yourself, who are we punishing, anyway? We have to go to the expense of caring for them for god only knows how long, while they continue in their previous occupations all the way through their so-called incarceration and then when we let them out, it's time to start all over again. Lawyers are the problem as much as the criminals of which many lawyers are, themselves. Wife abusers, embezzlers, drunks. I've seen them all!

Kathy Taylor is the same, on her quest to kiss Obama's Oreo butt and possibly get herself a position in D.C.! It's already started with her filing lawsuits to shut up the opposition. Is that what you really want for Tulsa, another braggart lawyer telling you what needs to be done, getting elected, then doing absolutely nothing to actually do what they say, but

spending the crap out of our taxes and showing nothing for it!

I saw her the other day at the Tulsa Press club. All I could think of was how much she reminds me of Hillary Dillary

Dock. The exact same demeanor, the same look. Bookends, if ever there were!

You give this woman another chance and she will show you I am right. Right to the bone. Kathy Taylor is a destroyer, not a builder! Elect her again and maybe even you will be her next victim.

She has proven to be a walking lawsuit, looking for the next unlucky person, business or organization to bleed dry.

Time to ride. The old Reb is going out to West 51st Street to the Flea Market to see what is left of Bell's Amusement Park!

See you on the bridge!

P.S. If you want another female mayor, I would hope she would be more like Marry Fallon—an innovator. I wonder how many more lawsuits Kathy Taylor will file, trying to get elected again?! How many of her millions will she spend to destroy someone's career or reputation to get herself back in the mayor's office. Remember, she is a socialista deluxe! How do we tame the shrew? Don't elect her!!!

P.S.P.S. Ask a police officer... You know the people who have to arrest these little turds over and over, while "Lieyers." I mean Lawyers, steal us blind and let them back on the streets to continue on murdering, raping, stealing. Ask them how to stop gangs and get rid of them. You know what they'll say? Shoot them on site and hang all the ones we are spending millions on, in jail. Judge Parker did it! Why not now?

"If, to please the people, we offer what we ourselves disapprove, how can we afterwards defend our work? Let us raise a standard to which the wise and honest can repair. The event is in the hand of God."

~ George Washington - To the Constitutional Convention Candidates

"In framing a government which is to be administered by men over men, the great difficulty lies in this: you must first enable the government to control the governed and in the next place oblige it to control itself."

~ the Federalist, Essays by Alexander Hamilton, John Jay and James Madison

"influence is no government."
