

# The Rebel Speaks

## GOVERNMENT ANTAGONIST AND HUGUENOT

Well, the Al-Qaida claims responsibility for the bombing in Manchester... and the living god-boy in Korea now has an operational medium range missile he plans to mass produce that will reach some of our bases and Japan. This is what happens when you spare the rod! We should be whooping ass all over the globe. Not to mention, our woosie Congress should be kicking DNC arses all the way to jail, but they are comfy with their same old crap.

While Republicans are attacked everywhere by fascist dweebs, Lindsey Graham is still up to his neck in treason and cowardice.

I've said it before and I'll say it again. I've had enough. So, warning to Democrap turds everywhere, where will you run when someone opens fire on you? I'm ready to! I want my Constitution back and I want my country back, even if our country runs red with national socialist blood everywhere!!

Time for this Old Reb to ride.

Mr. Harris, the corporal and I have come up in the barn. Big Bob turned around and almost shot me. "Where the hell did you come from," he asked. "Never mind," I said. "Those Kiowas are still shooting at us! Yea, but they don't know the three of us aren't in the burning house. So, you and the Bar-T boys go left, we'll go right and charge like in

the old days! It will unnerve them and maybe we can win this fight!"

We thinned them out a bit. "Maybe all eleven of us can send them packing, A? Let's do it! Don't stop firing till

they cut and run! Give 'em that old Rebel yell! Come on, boys! Come on!!! Mr. Harris, are you ready?"

"Once more into the breach, captain! Once more into the breach!!!"

See you on the bridge!

P.S. As for the brainless twits who walked out on Mike Pence (Vice President) during his commencement ceremonies the other day... they should not receive their degrees. After all, they have not yet learned what it is to be patriots to their country and flag. Time for a lesson in "les humility!!!"

P.S.P.S. In case no one has noticed, or just didn't know... there is a statue of Lincoln standing on the bones

of Confederate dead while being uplifted by angels that is parked on the Rogers State University campus in Claremore. If they can take down statues of Southern heroes, then take down this insult to the Southerners everywhere!! Lincoln was a usurper and invaded a sovereign nation to the tune of nearly a million Southern lives. Make no mistake, Obama's idol is burning in Hell! Hell! Hell!

*"Make yourselves sheep  
and  
the wolves will eat you."*
