## GOVERNMENT ANTAGONIST AND HUGUENOT

Well, the powers that be are going to form a committee to investigate the cause of all the shortages. You don't need a genius to figure it out! I can solve their problem with three words. Biden & democrap party! It's all a purposeful action on their part, since the goal is to break us and put the entire population on begging knees so they can rule over us like barons and marquis.

You know, they have, we need! You laugh, we cry! Gas is skyrocketing everywhere and Bite-me doesn't know what to do! How about we start pumping our oil again and it will all straighten out... along with putting all the democrap criminals who did it all in jail, where they belong!

While Xi (#11) is starving millions in China, "Ole Joe" starves us! It's called "genocide!" I also blame Republicans for going along with all this incompetence and showing their utter cowardice in dealing with a usurper and his illegal regime!

I'm absolutely outraged that we, the American people, let just a few in the land of plenty keep us from what's ours. "We the people" should want for nothing! What really bites is the news media smiling at you while saying, "just a year ago gas was around \$3.50 a gallon and now a dollar higher." Basically saying "don't worry, Bite-me will save us!"

When Trump left office gas was \$1.79! Put that feather in the cap it belongs to!

Time for this old Reb to ride!

"Riders coming in Cap!"

"Can you see who they are, Mr. Harris?"

"They are Rangers coming in from the northeast, Cap."

"We found the man we were looking for, Captain!"

"that right?"

"Yes, sir! Wasn't much left!"

"What do you mean?"

"Near as we can tell, some Comanche's evidently relieved him of his clothes and goods and shot him full of arrows and then relieved him of his scalp as well!"

"So much for him, 'A,' Cap?"

"Problem is, there were a lot of them and I think they are in a raiding mode!"

"Well, Rangers, we had better head back! Send a rider to the other group to the northeast! And hurry, Mr. Harris!"

"Aye, Captain!"

See you on the bridge!

P.S. I have figured it out! The democraps have made several gigantic crow bars, which they will jam in between the tectonic plates, thereby totally eliminating earth quakes and totally controlling the environment globally! "A?"

P.S.P.S. So, an 18 year old unemployed cross dresser, who lives with grandma, gets into a school that is

supposed to be secure and kills 21 people. Damn convenient unlocked door. Local law enforcement did not charge in right away... because police could get shot? And where did this kid get the thousands to buy all that ammo and several thousand dollars worth of guns?

As usual, democraps are screaming for gun control... again. Where were their screams when cities were being shot up and burned to the ground last year? Silent. Where were their screams when those who did the murdering and destruction got off with little or no sentencing for their crimes? Silent.

If teachers and security were armed, he would not have gone there in the first place. But student safety is not what they want. Anarchy and chaos is what they have Christmas for!

**"Guard with jealous attention the public liberty. Suspect everyone who approaches that jewel. Unfortunately, nothing will preserve it but downright force. Whenever you give up that force, you are ruined... the great object is that every man be armed. Everyone who is able might have a gun."**
