

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

Impeachment? Not possible! Holding Barr in contempt? They don't have the Constitutional authority to carry it through. This is, as I said, smoke and mirrors while Barr sets out to investigate the Democraps. This is how outlaws operate. Terrorize the small ranchers and the townspeople, trying to cover up the fact that they, the outlaws, are in fact the guilty parties!

The Bovine Methane Queen, Nancy PP, wants to rule the valley. Did you see the way she gripped the mic like her own royal scepter... while her gun fighting pal Charlie Schumeroid deals with the peasant sobbusters?

Not to change the subject, but did you see the dwarf Queen Liz standing between Donald and Melania? You know what a queen or king is, don't you? They are the heirs to the ill-gotten booty of their murderous pirate ancestors! Every thing they claim in fact, belongs to someone else.

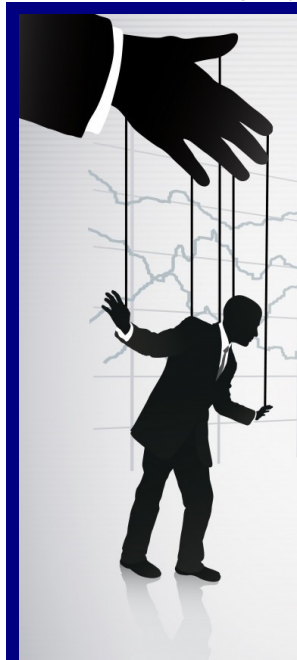

And Trump is right about the moron Islamic mayor of London. You know, he outlawed pocket knives of all kinds! Think about it, we are talking about people who have placed giant balloon breasts all over town, supposedly to desensitize people to breast feeding in public. Well, I guess it's just some of my Jacobite ancestry coming out! The Rebel in the closet!

Time for this old Reb to ride!

Well, there's Big Bob, Little Bob, Mr. Harris the Corporal all loaded for bear with their horses saddled and ready. "What's going on, boys?"

"We were coming to make sure you were ok!"

"Well, thanks, corporal! But I felt perfectly safe with my angel here with me! We weren't in any danger. Besides, we have new friends! And they're not wearing blue! What do you think, Rhea?"

They use isolationism as a slogan to conceal their own selfish imperialism. They cultivate hate. They claim to be super-patriots, but they would destroy every liberty guaranteed by the Constitution. They demand free enterprise, but are the spokesmen for monopoly and vested interest. Their final objective toward which all their deceit is directed is to capture political power so that, using the power of the state and the power of the market simultaneously, they may keep the common man in eternal subjection.

Henry A. Wallace - 1888-1965

"I think it's time to get married before you break something else or get yourself shot!"

Don't you, boys just love her? I do! So practical! A?"

See you on the bridge!

P.S. Another mass shooting and the Democraps are back on the gun control trail again. I used to work in a gun store, doing sales and some gunsmithing. Every once in a while an idiot would open their mouth and say, "guns kill people." I would open

the case, pull out a gun of any kind, lay it on the counter top and *step back*... and command that weapon to jump up, get itself some ammo, then load itself and kill that person. Their eyes would get big and open wide... and nothing would happen. No matter what, that weapon only laid there. I would then say, "Do you think it takes hands attached to a brain to operate that manually operated machine?" Point made!! People kill people by any means available!!!

P.S.P.S. I hope you stayed dry! I personally found myself and my wife stranded on Gilligan's Island... except there was no Gilligan. I know a few who lost everything. It's heart breaking to see it. Maybe Mike Pence will help, we can only wait and see.
