

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

The woman with an orange head walks out on stage with the representation of Donald Trump's head. Self destructs her own career, then (like all Democrap twits) blames it on someone else and refuses to take responsibility for her moronic actions.

Par for the course! "A?" this is just another example of their lack of morality or common sense. The disgust for "we who are patriots" and want to see our country respected—and it's laws and Constitution upheld—are attacked on a daily basis by such childish representations of a human being.

It was so disgusting even Chelsea Clinton was upset by it. Now, that says something about the act itself. This Kathy Griffin says she is not afraid of Trump. Remember Rosie O'Donnell? You say, "barely!" the mouth that spewed! I believe in that case the trespasser shot first. You have read it said by this old Reb, "Les humility! Les humility!!" A lesson only the penitent understand. This woman has thrown her career and big mouth in the funeral pyre. Let's help her keep it there...

Time to ride! We came out yelling' and shootin' and the Kiowas scattered, picking up their wounded as they left.

What a sight! What horsemanship!

"Hey! Look what I found," says Little Bob! They left one behind! He's just a boy!

"That boy almost shot me in the bloody head before I

shot his horse. He seems not to be worse for wear, except for a knot on his head, Mr. Harris! What to do with him? There's a vaquero working for the Bar-T. I hear he speaks some Kiowa and Comanch. Bring him here, then we'll take this first-timer back to his daddy!"

Looks like we will be sleeping in the barn for a while. The house is sort of crispy!

See you on the bridge!

P.S. Putin is still laughing his arse off over all this stuff about the Russians. Don't forget, it was Hillary and Obama who started

this crap to cover up all their criminal activities during the election.

P.S.P.S. Gunmen open fire in Parliament in Tehran. They are crying over it like the baby terrorists they are! Well.

Kathy Griffin
