

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGENOT

Treason! Treason of the highest order! Congress votes to give the Secret Service ultimate power to arrest anyone, anywhere, any time. If you are in close proximity to any official they are protecting, even if you are involved in legal protests, they can charge you with a felony and keep you from your right to free speech, especially if what you say is directed at the official being protected! For those who don't get it, I'll put it this way: to speak ill of our new aristocrats is sedition and to speak ill of our new king and his court is an imprisonable offense!

How about those cookies? The representatives and senators of our country have just said, "Screw you, America. We rule, you grovel! What was your freedom is now our new power to 'robbbb' Americans blind and make elections by the people, of the people and for the people an inconvenience... and just do away with it all. After all, political positions are open to the highest bidder! Constitution? What's that? We don't need no stinkin' Constitution, Lucy! We're the government! You're the little people!"

Stay tuned for observation drones! So, here's a question: do you suppose it ever crossed Obama's twisted little brain to say, "I'm not leaving, even if I'm defeated—and now you can't do anything to stop me!" What gall!

What brazen disregard for the First Amendment rights of every person in America! And that is treasonable! Criminal! Totalitarian! Tyrannical! But, then, it worked for Stalin, the Chinese, Castro, good ol' Adolf. Works for "Little Kim" in North Korea!

Time, maybe, to have our own recall election here in Oklahoma and jail any of our criminal, treason soaked representatives or senators who had anything to do with it! I'm personally willing to pay for the rope, tar and feathers! If we let this stand, they will, mark my words, transfer that power over to themselves and all the law enforcement under their control. "Voila," welcome to the new order. The new

police state where politicians buy their positions and live as kings and rule with their benevolence over us. "Oh," your right to vote wont be impeded, just the freedom to vote for whom you really want to see in office. Don't forget, that Secret Service man standing in your poling place is there to ensure you vote the right way!

These are the criminals I'm talking about: Frank Lucas, John Sullivan, Tom Cole & James Lankford and Dan Boren. It's very easy to trip and shove one's head up one's political ass... and that is exactly what you boys just did. Vote not for those traitors Cole & Sullivan! Vote not for the criminals Lankford & Lucas! Vote not for the usurper's handy man, Boren! Anti-constitutionalists all. Five pairs of dirty hands on the hammer, driving nails into the coffin of our freedom. They

should be tarred and feathered and run out of the state, to the commie country of their choice... tied to a rail as in days of old! It's time for some good old world justice in this new world of aggressors on our Constitution and free will of those who gave them their chance to help us build our nation... and not to tear it down. These men no longer represent the best interests of our state or country. They have ignored the will of the people. That is: our Bill of Rights and Constitution. They need to reap what they sew!

Time for this Reb to go. My horse is eager; I'm deep in the fight! Mark your target well and shoot straight, boys! The enemy is upon us!

See you on the bridge!

P.S. what is treason, but a short step to the left! Ask Benedict Arnold or Hanoi Jane!

P.S.S. You boys can consider this my act of sedition!
