

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

The day of days! Trump and the “Little Rocketman”. The Trumpster has done what all our past presidents put together have not done, and that in itself is a proverbial miracle—getting the Commies to the negotiating table.

Just think, if we had a Congress and Senate made up of Trumps and Reagans. We could stop all the Democrap crap

that has kept us in sixty years of standoff all over the world. The Democrap plan is to keep us in conflict everywhere they can and tell us it is for world peace, when in reality, it is for their perpetual money machine. Keep us at war and keep us poor, that should be their motto!

Pelosi and Schumer are making a fortune as our children die in their corrupt war mongering death machine—and they will kiss ass to anyone who wants to war upon our nation!

The Democraps are in total awe, trying to figure out why Trump is doing something they totally don't want! They want total chaos so they can continue to keep us in conflict

forever! More ignorance, more war, domestic or otherwise in order to keep power and treason against us all!

Time for this Reb to ride. Going to cross the Red River in the morning. The drive has been uneventful so far! Saw something I've only seen once before. St. Elmo's fire! The entire herd lit up like blue fire. Some see it as an omen of things to come.

Saw it on the battlefield as it made ghostly apparitions of the dead.

See you on the bridge!

P.S. California has passed laws prohibiting businesses from doing business in Oklahoma. So, all we have to do is cut off their oil and beef supply. Let them push their cars and eat veggie burgers for a couple of months and ill bet those laws go away, “A?”

P.S.P.S. The Volcanos are becoming old news.

Korean Leader Kim Jung Un and U.S. President Donald Trump shake hands.

The Korean War started in 1950. America went to war for 68 YEARS because no U.S. President deemed it important to create a relationship with North Korea. President Donald Trump is the 1st sitting President to do so.

They could continue for months and there is nothing to do accept get out of the way. Those who don't must be Democraps!
