

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

So, the Chinese say they have sunk an American warship in a simulation, from their world's largest and unsinkable ship. Let me see... unsinkable massive ships. Well, of course, we must start with the Titanic, and then, how about the Bismarck? There was also the Graf Spee. Oh, and let's not forget the Yamato.

All were sent in arrogance and all are now residing on the ever loving bottom of the sea. Over confidence and arrogance coupled with inexperience in actual battle conditions do sink the largest of them all, eventually.

I can see it now! Long John Silver is pacing the deck of a pirated Chinese cutter. "Look sharp, me harties! We'll pull along her portside and give a volley amidship, at the water line! Arrrrrr!!" Long John moves in mysterious ways. He is a pirate, you know!

So are the Chinese, except not so eloquent. Shiver me timbers! Davy owns the locker at the bottom of the sea, not Xi (#11). Xi, the Dutchman awaits you and you can't cheat the Dutchman. It will have it's due, regardless of how arrogant you are.

There is not a sea going vessel that can avoid the deep through overbearing confidence that it can't be sunk! Where there is a will, there is a sunken ship!! Remember, David nailed Goliath with a rock the size of a golf ball, then David used Goliath's own sword to take his head!!!

A small torpedo took out the rudder of the Bismarck! The Yamato forgot to bomb proof her decks. The Graf Spee was blown to pieces and scuttled herself outside Montevideo harbor with her enemies waiting for her to make her desperate run to be free on the high seas! The Titanic haphazardly smacked into an iceberg larger than she was! There is no such think as an unsinkable ship!!!

Time for this old Reb to ride!

"It seems the Double S, the Bar-T, and other small ranchers have had cattle rustled in numbers small to large, Mr. Harris."

"Aye, Captain. I think we have an organized ring of rustlers."

"I think we should let Jimmy point out that murdering back shooter, and then let's have a heart ot heart talk with him, just

before we hang the bastard."

"I agree, Captain. We need to send a message. You rustle our cattle, you die!"

See you on the bridge!

P.S. We are soon to experience a new "Missiles of October." The Chinese have made a deal with Raul Castro to put a base there. Less than ninety miles from our coast. They will try to take our marine base out eventually. And were is Uncle Joe? Will the real Joe Biden please stand up? (see our 6/1/23 issue online).

Our country is in maximum jeopardy. The democrapts will do nothing, because they, along with the Biden family, have sold us out. They will run, because the democrapts are cowards! The only thing we can expect from them is, maybe, they will send the good ship Lollipop. "A?"

A little advise. If you want them, don't go to the Capitol in D.C. Go, in mass, to their homes on this next January 6th.

One brick at a time! One brick at a time!!!

P.S.P.S. The "Missiles of October" happened under the Kennedy administration because they put missiles in Turkey, pointed at Russia. The result, of course was that Russia put missiles in Cuba. We nearly annihilated each other because of it. Today, under the installed resident in the White House, the Philippines and Guam both have American missiles pointed at China. Result? China setting up in Cuba. Here we are... again. Speaking of missiles, the European Union has missiles, theirs and ours, pointed at Russia. Russia has missiles pointed back. This is a game no one can win. It's called total destruction.

And what's in the news? Trump is once again charged, this time in Florida. To do so, they've ignored the Constitution, the Presidential Records Act and DOJ/Archives previous position. This is nothing short of a witch hunt, an open, blatant attempt to destroy a political opponent. And us. Never forget that the democrapts are going all out in a war against the Constitution and the American people, because their intent is to cram the New World Order down our throats. Buckle up, patriots, and get mad.

<http://rebelspeaks.weebly.com> - The Reb is mad!! Are you mad yet?

"The Rebel Speaks" opinion letter's purpose is to share thought provoking viewpoints and inspire discussion and debate about today's political issues... and make you mad!
