

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGUENOT

For whom does the bell toll? The bell tolls for thee, Keith Broomfield! A real, honest to God warrior for the Lord, our creator! He heard the blast of the horn, calling us all to battle. He heard its roar and ran to meet it. I stand and salute you, Keith Broomfield, and others like you.

This man has cast his great and courageous shadow upon us. I am humbled, are you?

We need more like him. We need men like Keith Broomfield in our government. Men willing to lay down their lives to keep our country free and our Constitution intact. Keith now stands shoulder to shoulder with the Lafayette Escadrille! He stands with the 300 and they embrace him and call him brother! The Gjallarhorn has sounded its greeting! Valhalla has set a place at the table of warriors for him, and the Lord of hosts comforts his soul.

I, too, have sent a son to fight in Iraq! He made it home in one piece, unlike many others who gave all for what Obama and his entourage have squandered. Now that moron is going to put our children back into the cauldron and let them die for nothing. Just think, he'll start it and Hillary will escalate it, while doing nothing to equip our troops *and* with no strategy losing is inevitable. It has to stop! The whole bunch in D.C. are criminals and should be sitting in a cell awaiting trial for treason!

I have never seen a worse line up wanting to be elected. Why? There are no viable candy-dates who are not already part of

the problem. I mean, look at them all... soft little woosies or dynasty seekers, just more of the same.

The darkness of the ayatollah is spreading every day and without more Broomfiles and courageous leadership, the light will become very dim for freedom!

***Behold the face of a warrior of God!
Behold the face of a martyr for Christ!
It's time to turn and fight
and stop running!***

And to Keith's family, my heart goes out to you all. Thank you for his gift!

Viva liberty!

Death to ISIS!

Time for the Reb to ride. Two of our crew went out ahead to scout our route. It's been two days and they haven't returned. I've sent out a search party. There might be Osage in the area.

See you on the bridge!

P.S. This old Reb is now too old and crippled to run to battle, so this and the words I write, this my weapon, my words—bullets. I shall not yield. I shall keep my finger on the trigger, hammer down, until victory or my eventual death!

How about you, old friends? Can you still pull the trigger? Can you still find a way to wage war? If you can, then you must. We must not give in to Obama and Hillary. We must not give an inch to ISIS and the ayatol-

lah. We must turn and fight!

P.S.P.S. Just wanted to say that when you don't see a new issue for a week or two, that just means the wife is home and the whip cracked! Ever had that problem? Someone has to mow the lawn!
