

The Rebel Speaks

GOVERNMENT ANTAGONIST AND HUGENOT

This last week the old Reb was lucky to meet two young women and their dad, engaged in entrepreneurship. In other words, they were being part of the solution and not the problem. These girls have written and self published their own CD. As an old musician myself, I can say their music is some of the best country music I have ever heard. And, as anyone who knows this old Reb knows, I'm not much of a country fan. Even though I've played country music for a paycheck or two.

The literal voices of angels manifested on earth. Their lyrics are smart and in good taste. The music flows with excellent intent. Camille and Haley, 21 and 19 respectively. They aren't waiting around for someone to hand it to them. They are doing exactly what this old Reb has been preaching over and over.

You can do it yourself! It just takes motivation and will. Be an entrepreneur. Somewhere down deep each and every one of us is! You just need to reach deep inside and pull yourself up. Start your own business. Don't rely on Uncle Sam. He only wants your soul. Stand up, like these two girls, and shake your fist at the beast and fight.

The beast is weak and can be defeated—with good ideas and hard work. If you haven't got a job and you wonder what's going to happen, well... don't wait; do it yourself. The answer is everywhere. In your garage, in the top drawer of your dresser, in your kitchen, in your own two hands... too many people just crying in their milk and not using what the creator gave to each of us—your brain!

Stop listening to politicians telling you that you can't; they will do it for you! How pathetic! Start following examples like Camille and Haley. Get off your lazy duffs and do something meaningful. Stop being burdens on the rest of us. Our leadership

has already overloaded the mule and he can barely take a step with a mountain in front yet to be climbed.

Vision is the key! Imagination the catalyst! Hard work it's reality and reward: your prosperity! So, be watching and listening... these two young women are on their way.

Where are the rest of you headed?

So, from the old Reb to Camille, Haley and their dad: "God's speed! Never look back! Full speed ahead!"

Time to ride, got to check the sentries. The sky is blue, the troops rest today. The sounds are those of birds and the wind. The bullets and artillery have taken time off!

See you on the bridge!

P.S. This old Reb has been an entrepreneur all his life, like many others in my family. Not every idea is successful and I have failed many times. I even cried about it a little. But, I have always picked myself up and started over and over and over.

I keep trying. You see, life is a war of attrition. It will tear at you, starve you, torture you. It's all in your attitude. Are you willing to get up and shake your fist at the devil? Stand defiant as a warrior defending the bridge. Shield up and your spear point to the front! Our Founding Fathers did!!!!

P.S.P.S. Wow! The voices of angels. I've been blessed!

On Entrepreneurship:

"It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood, who strives valiantly; who errs and comes short again and again; because there is not effort without error and shortcomings; but who does actually strive to do the deed; who knows the great enthusiasm, the great devotion, who spends himself in a worthy cause, who at the best knows in the end the triumph of high achievement and how at the worst, if he fails, at least he fails while daring greatly. So that his place shall never be with those cold and timid souls who know neither victory nor defeat." Teddy Roosevelt

"Our greatest weakness lies in giving up. The most certain way to succeed is to try just one more time."

Thomas Edison

(who tried more than a thousand times before successfully inventing the light bulb)
