## GOVERNMENT ANTAGONIST AND HUGUENOT

Monkey trial after monkey trial by the most treasonous individuals in the country! Trump did nothing, except put us on the trail of prosperity. The democraps are on the trail of destroying any prosperity that exists for the American people.

Like I said, this is always what criminals do to take the attention away from their crimes. It's called a frame job! I wonder how many bananas the so-called January 6th panel consumes daily? This is nothing short of the best of social communism! You are always guilty until you are never found innocent. This is nothing short of total usurpation of our United States. There is no legal government!!! There are Republican traitors on this so-called panel! Jous curs sur vous! Yes, this old Reb speaks enough French to get himself in trouble! Besides that, We Studi said it in "Last of the Mohicans!" "A!"

I want you to know these traitors on this primate panel are paying themselves an extra thirty grand each, out of your pockets, to sit there and throw their noses in the air while they shoot the American people in the back. The thing about large primates is that the older they get, the more vicious they get, i.e. Nancy PP, Chuckie Schumeroid and Hillary-Dillary Dock... "the great apes!"

I met Jane Goodall once. I remember her describing mornings in the jungle and she could hear the chimpanzees in the distance; then she demonstrated: Oo! Oo! Oo! Oooo! I sat there and thought, has this old Dame of the Empire spent too much time in the jungle? I shook her hand! Reminded me of shaking hands with a real chimpanzee! Cold and clammy. I don't know if anyone knows, but she once worked with Dr. Leake and only has a high school education! I wonder if she would like doing a study of the primates in the House and Senate in D.C.! Not to mention the lower primates in the Oval Office. I'll bet she would just be ecstatic over the prospect.

Well, here we are. Welcome to the Planet of the Apes! "Day-o! Daaayyyy-o! Hey Mr. Tally man, tally me banana. Daylight come and me want to go home! Day-o, Daayyyy-o!"

Time for this old Reb to ride!

"Rangers are coming in, Captain!"

"Mr.. Harris, take some of the hands and help clean up the Corporal's house."

"How can I help you, ranger?"

"My name is Tom Lewis. We have been busy! The Comanches have hit ten ranches in the area. We think there are about six hundred of them, split into smaller raiding parties. They attacked an army patrol west of here! The soldiers gave as good as they got! The Comanches have taken lots of captives, which they will take as trophies or sell in Mexico...or even to trade with other tribes.

It's going to be a long, hot summer, Captain!"

"It would seem so."

See you on the bridge!

P.S. Politicians do not pay for their sins. "We the people" pay for their sins against us. If you are not a warrior, why are you here?

P.S.P.S. Roe vs Wade has been overturned by the Supreme Court. Under all the hoopla, this is a states rights issue. That being said, the left has already been planning their riots and it's going to get nasty nation wide. They are going to burn, loot, destroy, murder and riot on a national scale that will make the BLM/ANTIFA riots of 2020 look like child's play. And what will the Dept. of Justice do? Nothing, just like they did in 2020. The entire Constitution is under attack. Buckle up. November's election is going to get nasty, if it happens at all. Get ready.
