

# The Rebel Speaks

## GOVERNMENT ANTAGONIST AND HUGUENOT

Hunter gets off the hook! Gee! Who would have guessed? This old Reb was once privy to a federal trial involving the Bureau of Atrocities, Terrorism and Fascism! These people are nothing more than pirates with badges and titles. They tried to railroad a very good friend of mine. I sat through several days of jury trial, watching them lie their pirate arses off. They gave money to a convicted felon to purchase a firearm on their behalf, in order to try to entrap my friend. It's called a strawman purchase. In other words, they and their felon puppet were committing several felonies themselves.

As we all know, these people never pay for their crimes and continue to carry badges. Fortunately these two Bureau criminals were not successful because (this time) the truth came out.

This thing with Hunter is nothing but a circus. This guy really is a criminal and should be sitting in prison!

So, here we are, again. One law for the politicians and the full brunt of the law for us, the American people. You know, justice for all but the elected and unelected officials!

At the same time the democommies are doubling down on more gun legislation, which means more oppression of our rights, while our so-called leaders act like aristocracy!

Soon the most aristocratic of them all, the all knowing and all woosie John Kerry will grovel at the feet of the new Emperor of China and spend our money doing it. Who is up next, little Bo Peep? I have it! Let's send Francis the talking mule, along with Mr. Ed! "A?" The results will be the same.

Time for this old Reb to ride!

"Mr. Harris! Jimmy pointed out a cowboy he says was there!"

"Aye, Captain! Get Little Bob and the boy and bring them down to the livery stable, Mr. Harris. The Corporal and I will meet you there, with our guests! And bring that ranger, too!"

See you on the bridge!

P.S. Putin is in trouble internally. Open rebellion by his merce-

naries. That's not a good omen for the Russian army or Putin. His allies have got to be looking back and forth at each other, saying, "What the hey?"

P.S.P.S. As for the OceanGate Titan submarine disaster... arrogance sinks ships (see the 6/15/23 issue of "The Rebel Speaks!"). 13,000 feet under the ocean is "a very unforgiving environment," to be sure. There is no room for error or arrogance down that deep and the Titanic, figuratively, reached out to remind us of the price for the sin of pride.

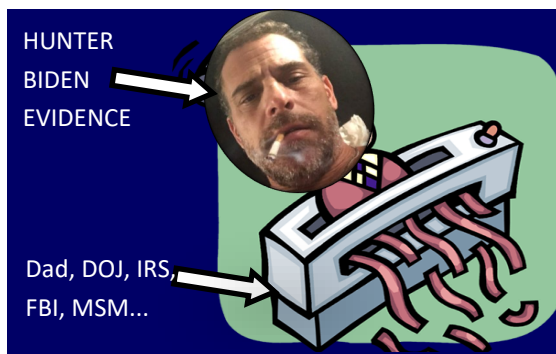

Speaking of which... there is, apparently, plenty of room for arrogance and pride in politics, and D.C. is filled with it to overflowing. The Biden administration knew on Sunday that the sub had imploded, but they went on for days, saying that "they're running out of air." No, they were already gone. So, why the show? It gave the media something else to talk about besides Hunter and Joe Biden and their criminal actions.

Arrogance will sink the democommies, just like the OceanGate Titan submarine. At some point, the price for their pride and it's blindness to the truth must be paid. Those who rule through arrogance are most commonly mistaken about a great many things. They hold onto their arrogant power without ever considering, deliberating, if you will, the true facts. In truth, they do not care about facts.

Our economic collapse since Biden took control (if Biden is even alive anymore, see the 6/1/23 edition of "The Rebel Speaks!") is a perfect example of arrogance in action. Trump's presidency resulted in peace, drastically successful peace agreements in the Middle East, energy independence for the first time since 1959, record employment in all sectors. All killed by democrap arrogance.

On other thoughts... were Biden and the democommies involved in the action against Putin? Biden denies it, but we all know that he is a consummate liar. That would be a direct act of war.
